PART II: LORD MARK MALLOCH-BROWN - THE GLOBALIST RACKETEER KINGPIN RUNNING THE QUEEN'S PRIVY COUNCIL WITH GEORGE SOROS

He rigs elections from Venezuela & Estonia to USA

He rigs electronic voting machines owned by him, George Soros and Mitt Romney

He controls the Senior Executive Service (SES)

He steals trillions of dollars from inventors, Main Street and a rigged global stock market

His slogan should be Make America British Again

PAY-to-PLAY NEW WORLD ORDER

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

(JUN. 19, 2018)—The kindest thing we can say about Queen's Privy Council kingpin Lord Mark Malloch-Brown is that he is certainly one of a kind.

It has taken an entire group of researchers over a month just to gather the facts about him. These facts are scattered across the Internet in many dozens of biographies in an evident strategy to confuse people about his background. No two are alike. These convoluted biographies are telling for a man with literally trillions of dollars at his fingertips; meaning he can buy national elections anywhere on the planet, but he cannot seem to write his resume. (Note: Such biographies are an early clue of a corruptocrat who is hiding his secret activity.)

New, previously undisclosed associations were uncovered during this research. For example, Malloch-Brown has never disclosed anywhere his advisory role in the Institute for Global Law and Policy (IGLP) at Harvard Law School (ca. 2009).

Harvard Law's IGLP *advised* Hillary Clinton, George Bush, Barack Obama, and their new Economic Council director Larry Summers on *distribution* of the 2008 "bank bailout" funds. Literally tens of billions of these U.S. taxpayer dollars flowed into Malloch-Brown's Privy Council entities via his co-conspirators at HSBC, Morgan Stanley, Goldman Sachs, Wells Fargo, JPMorgan Chase, Lloyds Bank, Barclays Bank, Deutsche Bank, Credit Suisse, UBS and State Street Bank, to name a few.

It should be remembered that FBI Director James B. Comey was chief counsel at HSBC and Lockheed Martin before Obama appointed him as FBI director. Lockheed and SERCO run AWE

ISIS financed a project at Avid corporation, maker of tv and radio production equipment, called the **Avid ISIS Client Guide** and the **Avid LeaderPlus Election Night Headache Relief**. This system enables Malloch-Brown, Romney, Soros and the Senior Executive Service (SES) to push out a common propaganda narrative to control "perception management" on election night. Perception management is a Deep State shadow government mind control term for brain washing. It enables them to trigger their unthinking minions with emotional memes and programmed response triggers. For exampe: RACIST! MYSOGNINIST! NAZI! WHITE SUPREMACIST! HOMOPHOBIC! BITTER CLINGER! XENOPHOBIC PUTIN-LOVER! MUSLIM-HATER! DEPLORABLE! MEXICAN-HATER! IMPEACH TRUMP! WE LIE BECAUSE WE LOVE YOU! . . . and now PEDO-PHOBE! BOY-MAN LOVE HATER! . . *ad naseum*. WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

Now that Lord Mark Malloch-Brown's relationships are gathered in one place (see biography timeline above), he makes Mafia don's look like choirboys.

The evidence of his depraved global corruption is unmistakable.

Under the color and protection of the Queen's Privy Council, Malloch-Brown directs a vast empire of banks, multi-national corporations and NGOs (non-governmental agencies). These organizations are peopled with bankers, accountants, attorneys, hedge funds, film and TV producers, advertisers, public relations specialists, social media drones, radio and newspaper executives, politicians and corporate officials in a Gordian knot of interrelationships.

Hundreds if not thousands of U.S. public and private officials participate in Lord Malloch-Brown's dark web. Those officials include such notables as Larry H. Summers (World Bank, IMF, Square, 2008 "bailout," more), Sheryl K. Sandberg (World Bank, Treasury, Facebook), Frank Giustra (Clinton-Giustra Enterprise Partnership), Bill and Melinda Gates (UN Eugenics) Foundation, Quantum Fund and Open Society Foundations (George Soros).

THEY HIDE BEHIND THE QUEEN'S COVER

Hiding behind the Queen's brand, their goal is a one-world government administered by unelected UN bureaucrats and directed by the Privy Council. It is also clear that the United States is to be their primary source for weaponized inventions, a killer 5G satellite population reduction plan through "The IBM Internet of Things," combined with killer pharmaceuticals, and a global police force.

As case in point, right now, today, the British Privy Council-directed SERCO company runs the U.S. Patent Office, FEMA Region 9 (AZ, CA, HI, NV and Pacific Islands), 63 U.S. FAA air traffic control towers and the Obamacare website. They also help manage the U.S. Department of Defense's Space Wars program! Besides the obvious betrayal of sovereignty by Deep State shadow government Senior Executive Service (SES) officials who have orchestrated this, this is evidence that Malloch-Brown's Privy Council plans are much further along than one can possibly imagine.

We believe we are in the **RED ALERT** zone.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

The mind control message to British citizens has always been that the Queen is their mother. Most believe she is a figure head with no real power. This is dead wrong.

When British industries "privatized" in the 1970's, the propaganda was that private investors would be allowed to democratize company holdings. What actually happened was that while investors were allowed to buy shares, the real control of these industries merely shifted from overt to covert control by the Crown through the Queen's "Golden Share."

This "Golden Share" gave the Crown—or more specifically, the Queen's advisors on her Privy Council—veto power over operations. This allowed the Privy Council to drive markets up and down at will, while being protected from liability for illegal activity by the Queen and her Queen's Court.

Our research has proven that the British Crown never really stopped ruling America after 1776. They merely *shifted* priorities from trying to dominate America militarily to dominating America through banking, commerce and finances.

When you think about it, it makes sense. When the British Army was defeated and sailed home, Americans woke up the next day and carried on with their lives, commerce and trade. They continued to pay on loans to British banks and continued trade with the British. They continued to discourse with relatives, friends and loves ones back in Britain.

Since little changed economically after 1776, the British banks moved in, and are still here today. If you doubt, investigate who controls the U.S. Federal Reserve. At its heart the Fed is controlled by an unpaid Woodrow Wilson debt obligation to the Rothschild family. The Rothschilds control the Bank of England, hold multiple "honours" and are members of the Queen's Privy Council.

CENTRALIZED POWER ALWAYS TURNS EVIL

A major reason American patriots rebelled against the British monarchy was its abuse of power. The colonies were being oppressed by high taxes, abuses of property and privacy, no representation, rigged courts and a profligate aristocracy.

This same dynamic exists in the Queen's Privy Council. As Queen Elizabeth has grown older, her Privy Counselors have grown more bold in their abuses of power, it appears. Any checks and balances that may have been there during her younger years appear to be gone. Her counselors are now using this unchecked power to attempt to takeover the world. Literally.

Investigative Reporter Julia Davis investigates **Facebook's *Leader v. Facebook* attorney Gibson Dunn LLP**. She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008. **Click here** to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

> "Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ullyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. **Click here** for a PDF version of Julie Davis' article.

To accomplish this, the Queen's Privy Counselors appear to have hidden behind her brand, and very slowly and deliberately devolved power from the Privy Council to trans-national corporations that *they own*, through secret inter networked banks, lawyers, accountants, money launderers, drug traffickers and rogue spies allied with an unelected U.N. bureaucracy that *they control*.

THE PRIVY COUNCIL EXPLOITS THE QUEEN'S GOLDEN SHARE TO HEDGE STOCKS, AT WILL

Think about it, it makes perfect evil sense. As a Privy Counselor, you can use the power of the Queen's Golden Shares in major industries to drive markets up and down *based solely on what you say in a board of directors meeting*. Prior to doing that, you will have tipped off your co-conspirators, like George Soros, when to buy and when to sell stocks in that industry.

Thus, you and your co-conspirators make money when the stock goes up, or goes down, based on your *exclusive insider trading tips*. In fact, the Queen's company might actually lose money on some transactions, but you don't care since Soros' hedge fund (your bunk buddy) will have profited from whomever you *spooked* to buy high or sell low. Your piece of the action will then appear magically in one of your many offshore bank accounts.

But this power has also plunged the depths of depravity. Just imagine you are recruited into a secret club of globalists who are able to make their own legal and financial rules. You can do what you want, even if it is immoral.

Instead of engaging in the marketplace of ideas, you hold a different set of tools to gain the advantage: blackmail, pedophilia, extortion, racketeering, counterfeiting, lying, false flags, confidence tricks, property theft, regulatory abuse, human trafficking, genocide, abortion, contract murder, organ harvesting, mass pharmaceutical poisoning, virus-laced vaccines, insider trading, euthanasia, 5G killer WiFi, wars and rumors of war.

This is the Queen's Privy Council and the United Nations plan for us. Exploitation, abuse and euthanasia. They don't even hide the fact that they want to exterminate 75-90% of the world's population (see video-taped comments by eugenicists Prince Philip and Ted Turner).

The Privy Council currently has 597 members.

Now imagine that you are a moral person who is invited to join the Queen's Privy Council. After reviewing this immoral racketeering run out of the Council, you would certainly walk away.

Simple logic tells us that the 597 'remainers' on the Privy Council are *all* corrupt.

QUEEN'S PRIVY COUNCIL: 597 POWER MONGERS CONSPIRING TO CONTROL THE POST-QEII WORLD THROUGH "ONE WORLD GOVERNMENT"

The Queen's Privy Council is arguably the world's more powerful insider trading organization. It is fully protected and shielded from accountability by the Queen. Since we just proved by simple geometric logic that a moral person will not tolerate the unscrupulousness of this secret club, then the only logical conclusion is that ALL the members of the Queen's Privy Council are corruptocrats with Lord Malloch-Brown leading the pack.

Lord Mark Malloch-Brown's resume is bloated. Take a deep breath before you dive in, otherwise, you will run out of oxygen.

Lord Mark Malloch-Brown is 64 years old. He is married to Patricia Anne Cronam and has four children, Maddison, Isabel, Phoebe and George. His father was Lieutenant Robert George Malloch Brown and his mother is Ursula Elspeth Pelley. These individuals are his principle beneficiaries who should be denied any benefit from his ill-gotten gain that includes the slaughter of millions of people during their consolidation of this power.

His online resumes hide more than 3,540 globalist relationships. These relationships have taken a whole team of researchers more than a month to chase down and verify. This biography-timeline is undoubtedly the most complete Malloch-Brown resume available. We encourage you to download it and share it widely. This information has an uncanny way of disappearing from the web once it becomes public.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored shocking new evidence that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Lord Mark Malloch-Brown, George Soros and Mitt Romney control over 90% of electronic voting machines in the U.S.

During the course of this research, it took an unexpected turn. Malloch-Brown does not hide his deep associations with globalist warlord George Soros—who does not appear bothered by comparisons of him to Satan (*Financial Times*, Sep. 28, 2004). [*Update: This article was removed from public access, but a copy has been obtained.*] Malloch-Brown also does not hide his ownership and control of the electronic voting machine Smartmatic.

Further digging discovered that the "OpTech" software engine inside Smartmatic was ordered by the Obama-Holder Justice Department to be deployed in all electronic voting machines used in the U.S. including Smartmatic, ES&S, Diebold, Sequoia, Dominion and Hart InterCivic.

While technology insiders have been warning about this corruption for years, it now appears to be reaching the consciousness of the general public, thankfully. See *Citizens Can Prevent Election Fraud, American Intelligence Media* (May 2, 2018).

The bottom line is this: Lord Malloch-Brown's globalist forces have hijacked the entire landscape of electronic voting machines, have weaponized them, and are poised to strike during the 2018 midterm elections.

Patriots across the country are now calling for a "back to the future" solution: (1) paper ballots, (2) inked thumbs and (3) unbroken bipartisan chain of custody. It really is that simple.

What follows is a one-page summary of the clarion call for scrapping these weaponized globalist-takeover voting systems.

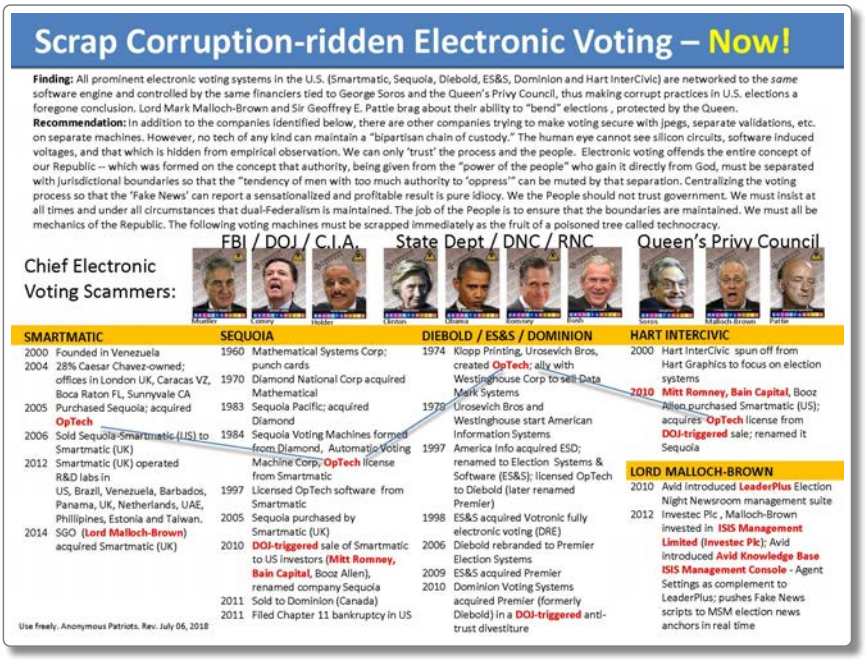
CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

GALLERY OF JUDICIAL MISCONDUCT



Scrap Corruption-ridden Electronic Voting – Now!

Finding: All prominent electronic voting systems in the U.S. (Smartmatic, Sequoia, Diebold, ES&S, Dominion and Hart InterCivic) are networked to the *same* software engine and controlled by the same financiers tied to George Soros and the Queen's Privy Council, thus making corrupt practices in U.S. elections a foregone conclusion. Lord Mark Malloch-Brown and Sir Geoffrey E. Pattie brag about their ability to "bend" elections , protected by the Queen.

Recommendation: In addition to the companies identified below, there are other companies trying to make voting secure with jpegs, separate validations, etc. on separate machines. However, no tech of any kind can maintain a "bipartisan chain of custody." The human eye cannot see silicon circuits, software induced voltages, and that which is hidden from empirical observation. We can only 'trust' the process and the people. Electronic voting offends the entire concept of our Republic -- which was formed on the concept that authority, being given from the "power of the people" who gain it directly from God, must be separated with jurisdictional boundaries so that the "tendency of men with too much authority to 'oppress'" can be muted by that separation. Centralizing the voting process so that the 'Fake News' can report a sensationalized and profitable result is pure idiocy. We the People should not trust government. We must insist at all times and under all circumstances that dual-Federalism is maintained. The job of the People is to ensure that the boundaries are maintained. We must all be mechanics of the Republic. The following voting machines must be scrapped immediately as the fruit of a poisoned tree called technocracy.

CALL TO ACTION:

We must protect the vote. Now. We cannot allow these criminals to hijack any more elections. Free and fair elections are the property of the citizens in this Republic, not the government. We have gone to sleep. Now that we are awake, we must take action across this country in the coming weeks to protect the 2018 midterm elections.

We must ensure an unbroken bipartisan chain of custody. That should be your rallying cry. This will essentially eliminate the imminent danger from rigged electronic voting machines. Back to the future: (1) Paper ballots, (2) Inked thumbs, and (3) Unbroken bipartisan chain of custody! It is really that simple.

In addition, God-fearing citizens of the United States and the world must call upon President Trump and loyal American leaders to defund the feeder systems used by these SES corruptocrats.

Ask President Trump to write the check to Leader Technologies for their Miller Act Notice so they can help implement new technologies that *respect* Constitutional privacy and property and help implement a truly Free Press.

MR. PRESIDENT: DEFUND THESE CRIMINALS AND FUND THE MILLER ACT NOTICE

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that Jury Instruction No. 4.7 here.) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (*Editorial*: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO. Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence. After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale

Mr. President, please pull the plug on these corruptocrats and their illegal funding streams. Since they are all based on fake values, no real services will be affected.

In addition, write the Miller Act Notice check to Leader Technologies for 18 years of unpaid use of their revolutionary social networking invention—which these Privy Council criminals have hijacked with the SES to takedown the American Republic. This will generate new cash streams to free up our economy from the globalist stranglehold. This will also empower Leader Technologies and other *actually* creative people in America to fix our foundering ship of state. *See Leader Technologies files trillion dollar bond lien on the U.S. Government*.

One Miller Act Notice check starts the ball rolling, Mr. President.

In addition, Leader shareholders have proposed a win-win solution to the collapse of the American Free Press, as well a large new revenue source without raising taxes. Leader principals are willing to funnel these payments back into establishing a truly Free Press. See *Leader proposes trillion dollar fed revenue while lowering taxes*.

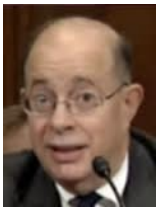
bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. See disclosure of substantial holdings in Facebook and Facebook-related stocks. Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in *Pfaff v. Wells Electronics, Inc.*—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.



Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. See Motion to Disclose Conflicts of Interest. Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the

(JUN. 19, 2018)—The kindest thing we can say about Queen's Privy Council kingpin Lord Mark Malloch-Brown is that he is certainly one of a kind.

It has taken an entire group of researchers over a month just to gather the facts about him. These facts are scattered across the Internet in many dozens of biographies in an evident strategy to confuse people about his background. No two are alike. These convoluted biographies are telling for a man with literally trillions of dollars at his fingertips; meaning he can buy national elections anywhere on the planet, but he cannot seem to write his resume. (Note: Such biographies are an early clue of a corruptocrat who is hiding his secret activity.)

New, previously undisclosed associations were uncovered during this research. For example, Malloch-Brown has never disclosed anywhere his advisory role in the Institute for Global Law and Policy (IGLP) at Harvard Law School (ca. 2009).

Harvard Law's IGLP *advised* Hillary Clinton, George Bush, Barack Obama, and their new Economic Council director Larry Summers on *distribution* of the 2008 "bank bailout" funds. Literally tens of billions of these U.S. taxpayer dollars flowed into Malloch-Brown's Privy Council entities via his co-conspirators at HSBC, Morgan Stanley, Goldman Sachs, Wells Fargo, JPMorgan Chase, Lloyds Bank, Barclays Bank, Deutsche Bank, Credit Suisse, UBS and State Street Bank, to name a few.

It should be remembered that FBI Director James B. Comey was chief counsel at HSBC and Lockheed Martin before Obama appointed him as FBI director. Lockheed and SERCO run AWE

Clerk signed an order regarding that motion on Judge Wallach's behalf. See a full analysis of these events at Donna Kline Now! Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. Hallmark Cards, Inc.* test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie *helped write* that opinion. *Group One* test omission analysis.

Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an *amicus curiae* brief revealing clear mistakes of law and new evidence. See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in *Leader v. Facebook*. Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's throw of the White House? A self-governing state?]

Not surprisingly, these are Malloch-Brown's globalist agendas.

This excellent interview discusses the contents of this post. We suggest you listen as you read this post clear to the end.

Judge Randall R. Rader, U.S. Court of Appeals for the Federal Circuit, chief judge responsible for the (mis)conduct of his judges and Clerk of Court in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of law at George Washington University Law Center, former Leader director Professor James P. Chandler. See analysis of Judge Rader's undisclosed conflicts of interest in *Leader v. Facebook*. Judge Rader also did not stop his judges from creating new arguments and evidence for Facebook in the secrecy of chambers—after they had debunked all of Facebook's evidence on appeal, which is a clear breach of constitutional due process.

These organizations are peopled with bankers, accountants, attorneys, hedge funds, film and TV producers, advertisers, public relations specialists, social media drones, radio and newspaper executives, politicians and corporate officials in a Gordian knot of interrelationships.

Hundreds if not thousands of U.S. public and private officials participate in Lord Malloch-Brown's dark web. Those officials include such notables as Larry H. Sandberg (World Bank, Treasury, Facebook), Frank Giustra (Clinton-Giustra Enterprise Partnership), Bill and Melinda Gates (UN Eugenics) Foundation, Quantum Fund and Open Society Foundations (George Soros).

THEY HIDE BEHIND THE QUEEN'S COVER

Hiding behind the Queen's brand, their goal is a one-world government administered by unelected UN bureaucrats and directed by the Privy Council. It is also clear that the United States is to be their primary source for weaponized inventions, a killer 5G satellite population reduction plan through "The IBM Internet of Things," combined with killer pharmaceuticals, and a global police force.

As case in point, right now, today, the British Privy Council-directed SERCO company runs the U.S. Patent Office, FEMA Region 9 (AZ, CA, HI, NV and Pacific Islands), 63 U.S. FAA air traffic control towers and the Obamacare website. They also help manage the U.S. Department of Defense's Space Wars program! Besides the obvious betrayal of sovereignty by Deep State shadow government Senior Executive Service (SES) officials who have orchestrated this, this is evidence that Malloch-Brown's Privy Council plans are much further along than one can possibly imagine.

We believe we are in the **RED ALERT** zone.

THE QUEEN'S PRIVY COUNCIL? REALLY?

The mind control message to British citizens has always been that the Queen is their mother. Most believe she is a figure head with no real power. This is dead wrong.

When British industries "privatized" in the 1970's, the propaganda was that private investors would be allowed to democratize

company holdings. What actually happened was that while investors were allowed to buy shares, the real control of these industries merely shifted from overt to covert control by the Crown through the Queen's "Golden Share."

This "Golden Share" gave the Crown—or more specifically, the Queen's advisors on her Privy Council—veto power over operations. This allowed the Privy Council to drive markets up and down at will, while being protected from liability for illegal activity by the Queen and her Queen's Court.

Our research has proven that the British Crown never really stopped ruling America after 1776. They merely *shifted* priorities from trying to dominate America militarily to dominating America through banking, commerce and finances.

When you think about it, it makes sense. When the British Army was defeated and sailed home, Americans woke up the next day and carried on with their lives, commerce and trade. They continued to pay on loans to British banks and continued trade with the British. They continued to discourse with relatives, friends and loves ones back in Britain.

Since little changed economically after 1776, the British banks moved in, and are still here today. If you doubt, investigate who controls the U.S. Federal Reserve. At its heart the Fed is controlled by an unpaid Woodrow Wilson debt obligation to the Rothschild family. The Rothschilds control the Bank of England, hold multiple "honours" and are members of the Queen's Privy Council.

CENTRALIZED POWER ALWAYS TURNS EVIL

A major reason American patriots rebelled against the British monarchy was its abuse of power. The colonies were being oppressed by high taxes, abuses of property and privacy, no representation, rigged courts and a profligate aristocracy.

This same dynamic exists in the Queen's Privy Council. As Queen Elizabeth has grown older, her Privy Counselors have grown more bold in their abuses of power, it appears. Any checks and balances that may have been there during her younger years appear to be gone. Her counselors are now using this unchecked power to attempt to takeover the world. Literally.

To accomplish this, the Queen's Privy Counselors appear to have hidden behind her brand, and very slowly and deliberately devolved power from the Privy Council to trans-national corporations that *they own*, through secret inter networked banks, lawyers, accountants, money launderers, drug traffickers

and rogue spies allied with an unelected U.N. bureaucracy that *they control*.

THE PRIVY COUNCIL EXPLOITS THE QUEEN'S GOLDEN SHARE TO HEDGE STOCKS, AT WILL

Think about it, it makes perfect evil sense. As a Privy Counselor, you can use the power of the Queen's Golden Shares in major industries to drive markets up and down *based solely on what you say in a board of directors meeting*. Prior to doing that, you will have tipped off your co-conspirators, like George Soros, when to buy and when to sell stocks in that industry.

Thus, you and your co-conspirators make money when the stock goes up, or goes down, based on your *exclusive insider trading tips*. In fact, the Queen's company might actually lose money on some transactions, but you don't care since Soros' hedge fund (your bunk buddy) will have profited from whomever you *spooked* to buy high or sell low. Your piece of the action will then appear magically in one of your many offshore bank accounts.

But this power has also plunged the depths of depravity. Just imagine you are recruited into a secret club of globalists who are able to make their own legal and financial rules. You can do what you want, even if it is immoral.

Instead of engaging in the marketplace of ideas, you hold a different set of tools to gain the advantage: blackmail, pedophilia, extortion, racketeering, counterfeiting, lying, false flags, confidence tricks, property theft, regulatory abuse, human trafficking, genocide, abortion, contract murder, organ harvesting, mass pharmaceutical poisoning, virus-laced vaccines, insider trading, euthanasia, 5G killer WiFi, wars and rumors of war.

This is the Queen's Privy Council and the United Nations plan for us. Exploitation, abuse and euthanasia. They don't even hide the fact that they want to exterminate 75-90% of the world's population (see video-taped comments by eugenicists Prince Philip and Ted Turner).

The Privy Council currently has 597 members.

Now imagine that you are a moral person who is invited to join the Queen's Privy Council. After reviewing this immoral racketeering run out of the Council, you would certainly walk away.

Simple logic tells us that the 597 'remainers' on the Privy Council are *all* corrupt.

QUEEN'S PRIVY COUNCIL: 597 POWER MONGERS CONSPIRING TO CONTROL THE POST-QEII WORLD THROUGH "ONE WORLD GOVERNMENT"

The Queen's Privy Council is arguably the world's more powerful insider trading organization. It is fully protected and shielded from accountability by the Queen. Since we just proved by simple geometric logic that a moral person will not tolerate the unscrupulousness of this secret club, then the only logical conclusion is that ALL the members of the Queen's Privy Council are corruptocrats with Lord Malloch-Brown leading the pack.

Lord Mark Malloch-Brown's resume is bloated. Take a deep breath before you dive in, otherwise, you will run out of oxygen.

Lord Mark Malloch-Brown is 64 years old. He is married to Patricia Anne Cronam and has four children, Maddison, Isabel, Phoebe and George. His father was Lieutenant Robert George Malloch Brown and his mother is Ursula Elspeth Pelley. These individuals are his principle beneficiaries who should be denied any benefit from his ill-gotten gain that includes the slaughter of millions of people during their consolidation of this power.

His online resumes hide more than 3,540 globalist relationships. These relationships have taken a whole team of researchers more than a month to chase down and verify. This biography-timeline is undoubtedly the most complete Malloch-Brown resume available. We encourage you to download it and share it widely. This information has an uncanny way of disappearing from the web once it becomes public.

IF THEY CAN'T GET VOTES WITH LIES & BRAINWASHING, THEY'RE GOING TO OUTRIGHT CHANGE ELECTION RESULTS

Lord Mark Malloch-Brown, George Soros and Mitt Romney control over 90% of electronic voting machines in the U.S.

During the course of this research, it took an unexpected turn. Malloch-Brown does not hide his deep associations with globalist warlord George Soros—who does not appear bothered by comparisons of him to Satan (*Financial Times*, Sep. 28, 2004). copy has been obtained.] Malloch-Brown also does not hide his ownership and control of the electronic voting machine Smartmatic.

Further digging discovered that the "OpTech" software engine inside Smartmatic was ordered by the Obama-Holder Justice Department to be deployed in all electronic voting machines used in the U.S. including Smartmatic, ES&S, Diebold, Sequoia, Dominion and Hart InterCivic.

While technology insiders have been warning about this corruption for years, it now appears to be reaching the consciousness of the general public, thankfully. See *Citizens Can Prevent Election Fraud, American Intelligence Media* (May 2, 2018).

The bottom line is this: Lord Malloch-Brown's globalist forces have hijacked the entire landscape of electronic voting machines, have weaponized them, and are poised to strike during the 2018 midterm elections.

Patriots across the country are now calling for a "back to the future" solution: (1) paper ballots, (2) inked thumbs and (3) unbroken bipartisan chain of custody. It really is that simple.

What follows is a one-page summary of the clarion call for scrapping these weaponized globalist-takeover voting systems.

Scrap Corruption-ridden Electronic Voting – Now!

Finding: All prominent electronic voting systems in the U.S. (Smartmatic, Sequoia, Diebold, ES&S, Dominion and Hart InterCivic) are networked to the *same* software engine and controlled by the same financiers tied to George Soros and the Queen's Privy Council, thus making corrupt practices in U.S. elections a foregone conclusion. Lord Mark Malloch-Brown and Sir Geoffrey E. Pattle brag about their ability to "bend" elections , protected by the Queen.
Recommendation: In addition to the companies identified below, there are other companies trying to make voting secure with jpegs, separate validations, etc. on separate machines. However, no tech of any kind can maintain a "bipartisan chain of custody." The human eye cannot see silicon circuits, software induced voltages, and that which is hidden from empirical observation. We can only 'trust' the process and the people. Electronic voting offends the entire concept of our Republic -- which was formed on the concept that authority, being given from the "power of the people" who gain it directly from God, must be separated with jurisdictional boundaries so that the "tendency of men with too much authority to 'oppress'" can be muted by that separation. Centralizing the voting process so that the 'Fake News' can report a sensationalized and profitable result is pure idiocy. We the People should not trust government. We must insist at all times and under all circumstances that dual-Federalism is maintained. The job of the People is to ensure that the boundaries are maintained. We must all be mechanics of the Republic. The following voting machines must be scrapped immediately as the fruit of a poisoned tree called technocracy.

We must protect the vote. Now. We cannot allow these criminals to hijack any more elections. Free and fair elections are the property of the citizens in this Republic, not the government. We have gone to sleep. Now that we are awake, we must take action across this country in the coming weeks to protect the 2018 midterm elections.

We must ensure an unbroken bipartisan chain of custody. That should be your rallying cry. This will essentially eliminate the imminent danger from rigged electronic voting machines. Back to the future: (1) Paper ballots, (2) Inked thumbs, and (3) Unbroken bipartisan chain of custody! It is really that simple.

In addition, God-fearing citizens of the United States and the world must call upon President Trump and loyal American leaders to defund the feeder systems used by these SES corruptocrats.

Ask President Trump to write the check to Leader Technologies for their Miller Act Notice so they can help implement new technologies that *respect* Constitutional privacy and property and help implement a truly Free Press.

MR. PRESIDENT: DEFUND THESE CRIMINALS AND FUND THE MILLER ACT NOTICE

Mr. President, please pull the plug on these corruptocrats and their illegal funding streams. Since they are all based on fake values, no real services will be affected.

In addition, write the Miller Act Notice check to Leader Technologies for 18 years of unpaid use of their revolutionary social networking invention—which these Privy Council criminals have hijacked with the SES to takedown the American Republic. This will generate new cash streams to free up our economy from the globalist stranglehold. This will also empower Leader Technologies and other *actually* creative people in America to fix our foundering ship of state. *See Leader Technologies files trillion dollar bond lien on the U.S. Government*.

One Miller Act Notice check starts the ball rolling, Mr. President.

In addition, Leader shareholders have proposed a win-win solution to the collapse of the American Free Press, as well a large new revenue source without raising taxes. Leader principals are willing to funnel these payments back into establishing a truly Free Press. See *Leader proposes trillion dollar fed revenue while lowering taxes*.

Dmitry Baxter, (Jul. 20, 2018). Inspector General: Obama Paid $300 Million To 'People Who Don't Exist'. YourNewsWire.

According to special inspector general John Sopko, Obama wasted at least $300 million on the salaries of "people who don't exist".

Barack Obama will always be remembered for a series of highly irregular overseas payments to authoritarian regimes, however according to a report by the special inspector general for Afghanistan reconstruction, those wasted millions are just the tip of the iceberg when it comes to Obama's largesse.

According to special inspector general John Sopko, Obama wasted at least $300 million on the salaries of "people who don't exist", who were supposedly operating in Afghanistan, far away from the prying eyes of U.S. oversight. That's not just fraud, folks. In fact, according to Sopko, it's "Major fraud."

Who's Winning the Culture Wars Now?
By Stephen B. Presser| July 18th, 2018

On May 6, 2016, as the run-up to the struggle between Donald Trump and Hillary Clinton for the presidency began in earnest, one of the Left's most influential and brilliant intellectuals, Harvard law professor Mark Tushnet, wrote a blog entry called "Abandoning Defensive Crouch Liberal Constitutionalism." His most important assertion in that little screed, italicized no less, was "The culture wars are over; they lost, we won." By "they" he meant "conservatives," and by "we" he meant "progressives."

DEMOCRACY COUNTS DOT ORG has a brand new app that collects parallel votes from voters as they exit the voting place. This app was designed by an attorney who has been involved with election fraud for some time. They need contributions to get this app in the pipes before the 2018, elections, and beyond. PLEASE CHECK THEM OUT and if you can, please contribute. This app could be the game changer we are looking for; they won't be able to steal any more elections by hoarding and then trashing ballots, ref: (1) Katherine Harris and the Bush/Gore election, and (2) the stolen Tim Canova/Debbie Wasserman Schultz (thief) in the recent Florida candidates election (where Gov. (rotten) Rick Scott wouldn't lift a finger in the face of clear evidence that DWS stole the ballots, kept them, and when compelled to produce them by a court she destroyed them all. Please jump in and help us get this app going across the whole country. There is a GoFundMe up, and they need 250K to implement it across the whole country, so please help. Let's have clean elections in spite of the crooks!

Staff. (Jul. 25, 2018). FIRST 5G ROLLOUT IN CA CAUSING BRAIN DAMAGE TO FIREFIGHTERS. Forbidden Knowledge TV.

Firefighters in California counties from San Francisco to Sacramento to Los Angeles, have reported severe neurological damage, headaches, insomnia, memory problems and confusion after 5G towers were installed outside their stations. When tested, they were found to have brain abnormalities and measurable neurological deficits and firefighters have now filed to be exempt from the California law that would enforce the installment of 5G towers near their places of work.

When their fire stations were relocated away from 5G transmitters, firefighters claimed their symptoms stopped. More shocking (no pun intended) was that the radiation levels measured were just 1-2/1,000th the FCC's allowable "safe" limits for non-ionizing radiation. In other words, the FCC considers radiation levels 1,000 times higher than those which debilitated strapping firemen to be safe!

Like the current generation of cellphone technology, 5G has not been adequately tested to determine its impact on health but following the lead of former FCC chairman Tom Wheeler, who eschewed safety testing in favor of economic growth, the industry in the US is moving quickly to establish primacy.

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Admin. (Jul. 17, 2018). BREAKING: Clinton Foundation Cargo Ship Raided At Port Of Baltimore Reveals Sick Secret. USA Patriots Voice.

A ship owned and operated by the Clinton Foundation was raided as it arrived from Africa this morning at the Port of Baltimore. The ship, which was supposed to be carrying "emergency supplies," was actually carrying a cargo that had authorities stunned. BPA Harbormaster Jake Cummings explained to CNN:

"We received a tip that the Clinton Foundation flagship, The Chelsea, was carrying illegal contraband into the United States. We honestly didn't know what to expect, but what we found was simply…surreal. In the middle of the ship's large manifest of containers, most of which were empty, we found 14 containing…people. Yes, people.

They were all Refugees from places like Yemen and Syria and not a single one had any kind of documentation. We interviewed those who spoke English and were told that for $40K, anyone can catch a ride to the United States on a ship nobody would ever suspect."
Immigration was immediately called and found that of the 460 people on board illegally, not one had been through any kind of vetting process. After running the men through facial recognition, they found more than a dozen suspected terrorists who are on the US no-fly list. Those men were about to be unleashed on the public for $40K each.

A multimillionaire liquor heiress was among four people arrested Tuesday on charges ranging from sex trafficking to extortion, in connection

Clare Bronfman, Kathy Russell, Lauren Salzman and Nancy Salzman were arrested on a superseding indictment charging them with racketeering conspiracy, the Department of Justice announced Tuesday.

The indictment also charges Mack and the alleged cult leader, Keith Raniere.

Bronfman, who is the heiress to the Seagram's liquor fortune, will be arraigned in Brooklyn Federal Court Tuesday. She is allegedly one of NXIVM's chief financial backers. Russell and the Salzmans will be arraigned afterwards in Albany. Nancy Salzman allegedly co-ran the NXIVM organization alongside Raniere.

The indictment, obtained by Fox News, alleges the group made up Raniere's "inner circle" and helped him with various illicit activities such as conspiracy to commit crimes like identity theft, harboring of aliens for financial gain, extortion, forced labor, sex trafficking, money laundering, wire fraud and obstruction of justice.– READ MORE

Investigative Bureau. (Jul. 24, 2018). Mueller & Holder Shut Down FBI Investigation of Stolen U.S. Stealth Defense Technology Implicating Lockheed Martin, While Comey Was Lockheed's Top Lawyer. True Pundit.

For nearly four years the FBI investigated the international theft of STEALTH defense technology from a small Florida marine company that invented an ingenious way to help protect Navy ships and nuclear ballistic submarines from being detected on enemy radar and sonar.

And on the eve before the case was go to a Grand Jury, the case was closed by then-FBI Director Robert Mueller and then-Attorney General Eric Holder.

"This was the original pay-to-play scheme and it involves Mueller, Holder, (James) Comey and (Hillary) Clinton," said Steve Morton, inventor and owner of a rare robotic ship and submarine stealth painting technology that can help make the U.S. Navy's fleet invisible on radar and sonar. "They allowed my technology to be stolen by European companies partnered with Lockheed Martin and Comey was the top lawyer for Lockheed.

Now my technology is being sold to the Chinese, Russians, and all over the world to enemies of the United States. I wonder how much Hillary Clinton made on this because she was Secretary of State when the probe was shut down."
