## MASSIVE WASHINGTON CORRUPTION EXPOSED BY LEADER V. FACEBOOK

### BI-PARTISAN CITIZEN GROUP APPEALS TO CONGRESS TO RESTORE PROPERTY CONFISCATED BY WIDESPREAD FEDERAL CORRUPTION INCL. INTERFERENCE BY NANCY PELOSI AND HARRY REID

### PUBLIC SERVICES RELATED TO THE UNIVERSAL COMMON GOOD CANNOT BE PLACED IN PRIVATE HANDS.

The censorship we just experienced by Scribd (see below) shows why. For example, if these unscrupulous Scribd principals were given control of Internet domain naming, they could (and probably would) use that power to cut off access to the Internet to any person or organization with whom they disagree.

directory globally. In layman's terms, domain name management is the Internet equivalent of a super phone directory. It manages all addresses on the Internet. If you aren't on that list, or the entry is incorrect, others trying to browse to your website would not be able to because your address is missing or wrong. This directory is updated many times a day, all over the planet on every hosting server (the "server" computer that hooks your computer to the Internet).

The group maintaining and controlling this master Internet directory must be non-political, non-commercial, and scrupulously honest. The future of democracy depends upon a strictly unbiased domain name management system.

**HERE'S HOW THE DNS (DOMAIN NAME SERVICE) DIRECTORY WORKS.** When you type a

**FIG.2**—If the DNS lookup finds a missing or corrupted entry for your website, the user is prevented from navigating to your website. The DNS lookup directory is a single point of ultimate power and control over the operation of the Internet. It cannot be permitted to be put into private hands where censorship of one's adversaries is an inescapable temptation. Power corrupts. Absolute power corrupts absolutely.

domain name into your browser, for example, "http://www.whitehouse.gov," your computer first goes to your ISP (Internet Service Provider, like Road Runner, Comcast, etc.). Your ISP maintains a constantly updated copy of the DNS (domain name service) master directory. The ISP looks up the domain name and figures out the street address on the Internet associated with it.

For the White House, the Internet DNS street address is "23.45.84.11." The more technical address is "http://23.45.84.11." This number is unique to the White House. If that White House address is missing, or wrong, then my computer cannot navigate to the White House website. Unconscionably, the White House is proposing to put management of this critical DNS master directory into private hands. We are confident that their plan is to put it within the control of the Facebook Cartel before President Obama leaves office

Without this DNS master directory, the Internet goes dark. If it is scrambled or sabotaged, the group controlling that master directory controls who gets to read what. It is a power that MUST be managed by all of us, not just by a few.

If unscrupulous actors are given control of DNS directory management, this could be their hypothetical response to your complaint if they didn't like your website and deleted your address from the directory (and thus prevented access to your website): "Gee Beav, we don't know what happened to our file. We'll look into it. Sorry for your bad luck."

**A POWER DICTATORS HAVE ONLY DREAMED OF**

Their "investigation" could go on forever. This would put tools of censorship into private hands that every past totalitarian state has only ever dreamed of. In other words, this hypothetical Internet power broker could merely pretend to do the right thing. Any lawsuits against them would take years, as Facebook has proven in Leader v. Facebook.

Given the current subservience of U.S. regulators to the Facebook Cartel, this would effectively create a situation where the private contractor could pretend to comply with regulation and the regulators could pretend to regulate them. All the while, lawlessness and the suppression of free expression would rule. This would effectively silence all opposition to those willing to bribe and coerce their way to power and control over the Internet.

Democracy requires a diverse accountability structure (separation of powers)—so that no universal public interests are put into essentially unaccountable and un-elected private hands. In our opinion, the administration's current attempt to privatize Internet domain naming will put the future of the Internet into the hands of the Facebook Cartel and must be stopped at all cost. Free democratic communication hangs in the balance.

FOUR PINOCCHIOS FOR SCRIBD

**NEW, MAR. 11, 2014**—Several AFI activists just received a reply from a "Jason (Support Desk)" claiming that we abused Scribd's policy regarding the "presence of several 'dossier'-like profiles that contained home addresses of individuals, their relatives, neighbors, and, in some cases, children. This is a gross violation of Scribd's Terms of Use..."

### LEADER INVESTORS BEGIN E-MARCH ON WASHINGTON.

Graphic: Colbert Report

How totally Orwellian. Jason defines publicly available information from the phone book, public records, Congressional records and Facebook posts as private for his purposes. This is a remarkable glimpse into the hypocrites of Silicon Valley. They trade in everyone else's privacy, yet jealously guard their own.

He even calls it "gross" to present public information in a compiled form. How many thousands of companies do this for a living? Yes Jason, invasion of privacy is gross, but we did not do that. We merely re-presented **already public information provided by those individuals**. So, why don't you take the lead and stop trafficking in "big data." Are you claiming that Scribd is not a "big data" vendor? In any event, isn't it rather draconian to take down our hundreds of documents, rather than the few you found questionable? Jason, you get four Piniocchios for your excuses for censorship.

Interesting how the Silicon Valley purveyors of the "death of privacy" hide behind their user agreements when they want their own privacy, self-defined. Hypocrites.

AFI documents on Scribd were summarily deleted on Friday, Mar. 7, 2014. All of them. Even things like the financial reports of government officials and Congressional Briefings. If you try to access a document now, Scribd posts a boldface lie: "Document deleted by owner." How Orwellian. This in-your-face conduct destroyed the trust of hundreds of thousands of readers who have relied on the site to access important evidence in the Leader v. Facebook judicial misconduct investigation.

Frankly, we expected this. Scribd has been tying itself to Facebook

So much for the "freedom" of the digital "cloud." BTW, Scribd is a "free" service, like Facebook. Until that is, their task masters don't like your ideas. The power of a cloud provider to unilaterally block a user from accessing their data because they don't like your point of view illustrates why "the cloud" is an unreliable service for fundamental democratic principles of privacy, property, free speech and freedom.

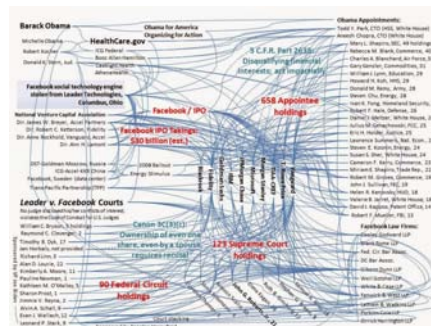

### SEC CHAIR MARY L. SHAPIRO INTRODUCED HER WHOLE FAMILY TO THE AMERICAN PUBLIC ON JAN. 18, 2009

Excerpt from page. 11, S. Hrg. 111-32, U.S. Senate, Nomination of Mary L. Shapiro to be Chairman of the Securities & Exchange Commission, Jan. 15, 2009. Ms. Shapiro introduced her family to the American public—as recorded for posterity and public use at the Government Printing Office.

Do you swear or affirm that the testimony that you are about to give is the truth, the whole truth, and nothing but the truth, so help you, God?  
Ms. SHAPIRO. I do.  
Chairman DODD. And do you agree to appear and testify before any duly constituted Committee of the U.S. Senate?  
Ms. SHAPIRO. I do.  
Chairman DODD. Welcome. It is nice to have you with us. Before we hear your statement, I think I noticed some people behind you who might be members of your family, or some guests in the securities area here, maybe both. Do you want to introduce them?  
Ms. SHAPIRO. I would be happy to. Thank you, Senator. My daughter, Molly Cadwell, my daughter, Anna Cadwell, and my husband, Chas Cadwell.  
Chairman DODD. Welcome. We are delighted to have you with us here today. Are you missing school today, are you, for this?  
[Laughter.]  
Senator SHELLEY. Oh, yes. They are smiling.  
Chairman DODD. So the longer the hearing goes, the less time you have to go to school? Is that how it works?

Ms. SHAPIRO. There is a certain math test that is being avoided today.

W LL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

for some time. This is especially interesting since AFI documents have had about 250,000 reads so far. Point of interest, several of Dr. A's Federal Circuit filings had almost 20,000 reads. This censorship should be reported, publicized and demands made for Scribd to turn the documents back on. It appears they just flipped the lights off. They are now obstructing Congressional investigations and the American public's right to know the truth about the Leader v. Facebook judicial misconduct.

What dog does Scribd have in this hunt unless they are running cover for their Facebook cronies? Hmmmm.

The Request for Congressional Intervention has had almost 1,800 reads on Scribd already. Dr. Robert P. Kocher's (the 38-year old Obamacare architect; just three years out of residency) "lost" financial report had 1,800 reads in a week. Chief Justice Robert's financial disclosure had about 8,000 reads. No worries. We'll redirect links to all the documents. A number of libraries have all the documents. If you Google the document name you are looking for, you can probably find other instances. ### NEW, MAR. 7, 2014: STRATEGY TO COMPROMISE CONGRESS LONGTERM UNEARTHED

Scribd's suppression of free speech today occurred just as AFI was provided a copy of a Congressional Request. The request contained the shocking, but believable, notion in the cover letter that the Facebook Cartel has likely been working for years to compromise members of Congress with unknowing financial conflicts of interests—like time bombs—in the form of cleverly concealed Facebook Cartel stocks inside colluding mutual funds. [Click here to read the Congressional Request Cover Letter.](#)

### THE DIGITAL "CLOUD" IS A TOXIC ETHICAL WASTELAND.

This is a good lesson for why we cannot place our hope in the Facebook Cartel's one-stop-shop digital "cloud" for the future of democracy. Sounds good on paper, but it assumes honesty, integrity, good faith and respect for one's fellow man, for which these people are in short supply. Power corrupts. Absolute power corrupts absolutely. The fewer hands into which we put our digital futures, the greater will become censorship and attempts to control the "narratives" of public discourse. 1984 author George Orwell was right. You know you have arrived on the doorstep of totalitarianism when telling the truth becomes an act of courage. All the links are updated in this post. We'll have to re-link a number of the supporting documents in the Request for Congressional Intervention.

Fight the good fight. Your efforts are working.

### (MAR. 02, 2014)—OBAMACARE ARCHITECT'S 2009 FINANCIAL REPORT RECOVERED—PROVES OBAMACARE IS WEDDED TO THE FACEBOOK CARTEL

AFI investigators have uncovered the 2009 financial disclosure for **ROBERT P. KOCHER, MD**, the 38 year old chief architect of Obamacare. The Obama administration has removed this report from the Office of Government Ethics website. The report is a smoking gun.

It shows that Dr. Kocher held 37 Facebook "dark pools" funds in 2009—practically all of his holdings. These funds include Obamacare-specific holdings in CGI, Athenahealth, Castlight Health, Facebook and Accenture. He was clearly an insider and was in on the long-promised Facebook IPO bonanza for himself, his cartel buddies, and his wife, who uses multiple names: Cindy Chen, Chao Chen, Chao H. Chen, Chao I. Chen, Cindy C. Chen and Ci Chen, according to public records.

The disclosure reveals that Dr. Kocher—as the healthcare policy director at the National Economic Council—was making recommendations for Obamacare to use services in companies where he stood to gain financially.

Such conflicts of interests are specifically forbidden by the Standards of Ethics for Employees of the Executive Branch. In addition, Dr. Kocher signed an ethics pledge committing not to engage in such conduct. [Click here to read Robert P. Kocher's 2009 Financial Disclosure](#). Remarkably, Dr. Kocher was 38 years old and only three years out of medical residency when he was given these heady responsibilities. Did the appointment of this inexperienced young physician doom Obamacare to the fiasco it has become? Figuratively speaking, the President chose a boy to do a man's work.

It appears that Dr. Robert P. Kocher was the Mark Zuckerberg-esque boy band leader for healthcare "reform," along with Baidu China's Robin "Handsome Return" Yangong, and Russia's Yuri "Money Launder" Milner. All the same Facebook Cartel actors are present. America, China, and Russia; what are these peoples' designs? They must be stopped before they do more damage to the world economy.

Readers are encouraged to send the **REQUEST FOR CONGRESSIONAL INTERVENTION** to your members of Congress with urgency. See below.

(FEB. 21, 2014)—Several days ago, AFI received a pre-release copy of a request headed to Congress asking them to intervene in what amounts to federal confiscation of private property. Actors in the scheme include the now familiar players: Facebook, Facebook's PayPal Mafia handlers, HHS, HealthCare.gov, Barack Obama, the White House cabinet revolving door, Wall Street and even the Congressional website.

### WASHINGTON, WALL STREET AND SILICON VALLEY CORRUPTION ARE OUT OF CONTROL

Our researchers have spent the last few days verifying the research. Corruption is a sickly animal. Any one item of data doesn't necessarily prove a theory, but the sum total of this information creates visions of being slimed in the movie Ghost Busters. If you had any doubts about the level of corruption in Washington D.C., this document should put your doubts to rest.

We need the weekend to absorb what we've learned before we give our perspective. We didn't want to wait to get this Congressional Request in your hands. ### NEW: FIRST IMPRESSIONS OF THE CONGRESSIONAL REQUEST

This Congressional Request contains new evidence connecting **CONGRESSWOMAN NANCY PELOSI** and **SENATE MAJORITY LEADER HARRY REID** to the judicial corruption in Leader v. Facebook. This doesn't even take into account the public knowledge that both Pelosi's and Reid's families have made out like bandits from various government stimulus programs.

**WITHIN ONE WEEK** after the pre-trial Markman Hearing in which 25-year veteran, Judge Joseph J. Farnan, took Facebook to the woodshed, he suddenly announced his retirement. Farnan was replaced by Magistrate **LEONARD P. STARK**, an Obama nominee. Stark's appointment had been recommended by Obama's Cooley Godward LLP "justice adviser," Donald K. Stern.

Despite Stark's conflict of interest with the Cooley firm, he nevertheless allowed Cooley's attorneys, including Michael G. Rhodes, to argue for Facebook.

Rhodes had just been appointed chief counsel for Tesla Motors, Inc. Tesla had just received \$465 million in energy stimulus funds on the recommendation of Mike Sheehy, former national security adviser to then Speaker of the House **NANCY PELOSI**. Stark also held substantial Fidelity holdings.

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. [Click here to read her article "Everybody hates whistleblowers."](#) Examiner.com, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. ## OBAMA'S WALL STREET HANDLERS GAG THE MAINSTREAM MEDIA

### FOLLOW THE MONEY—WIDESPREAD CONFLICTS OF INTEREST THAT NEUTER THE AMERICAN FREE PRESS

CONTRIBUTING WRITERS | OPINION | AMERICANS FOR INNOVATION | **UPDATED MAR. 09, 2014 12:01 P.M. ET** | PDF UPDATED (POST SCRIBD CENSORSHIP)

**UPDATE FEB. 17, 2014**—Thank you to readers who are tweeting and circulating this expose. While no one seems shocked to learn these facts, we'd say the reaction is mostly sadness for the sorry state of our democratic institutions. We encourage you to absorb the volumes of facts linked to this article before we post again. Our volunteer investigators put a lot of work into researching all the linked source material to make it easy for you to just click and read. So CLICK and READ! We cannot fix these social problems until we have all the facts, so we encourage you to get your heads around the facts. Stay tuned. —AFI Editorial

(P.S. Also, download any documents you think might be at risk of being altered by the unscrupulous actors. Make PDFs of web pages. At least print them out and file them. Be sure to date and time stamp them in your file names. This way the evidence is preserved against those facts being "scrapped" off the web, which is what Zuckerberg's PayPal Mafia and Accel Partners LLP handlers did with much of the early Harvard evidence that proved Zuckerberg's duplicity. In short, don't think just because you read something on the web once, it will be there when you go back to it. If it is damning evidence, these bad guys try to hack in and alter those web pages to hide the evidence, if they can. We suspect that this may have been the motive behind the recent Yahoo hack.)

**(FEB. 7, 2014)**—AFI investigators have proven that toxic relationships exist among the members of the Facebook Cartel. This cartel includes Facebook, their attorneys, their cronies, federal judges, court clerks, President Obama, the White House cabinet, and Wall Street.

These hidden agendas appear to be at the root of the caustic American public discourse. Things are not what they appear to be, and the Free Press is not exposing the wrongdoing. See [Corruption Watch](#) sidebar.

#### "WHY DOESN'T MAINSTREAM MEDIA EXPOSE THIS LAWLESSNESS?"

People close to the investigation keep asking: "Why doesn't Mainstream Media expose this lawlessness?"

**FIG. 1**—America's Mainstream Media has allowed itself to be enslaved by Wall Street due to its heavy dependence on billions of dollars in Wall Street financing and what amounts to board of director incest. With this level of influence, Wall Street controls editorial policy and muzzles investigation of political and financial corruption.

## OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

## CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later

These people are dumbfounded by the sound of crickets—a silence that telegraphs the hiding of great sins.

They say, "If George Bush had done these things, we'd never hear the end of it." They wonder, "Why does

Barack Obama get a pass on all manner of wrongdoing, even on matters of life and death?"

We believe we have discovered the answer. We will report it in two parts:

This amalgamation of interests was greatly feared by America's Founding Fathers. They believed that a republic could not long survive without robust checks and balances of power. The destruction of those checks and balances appears to be upon us. Is this realization too late? We say no, where there's a will, there's a way.

tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored shocking new evidence that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

**PART I (BELOW)—OBAMA'S WALL STREET HANDLERS GAG THE MAINSTREAM MEDIA**

We analyzed Wall Street's tens of billions of dollars in stock holdings and loans to Mainstream Media. We are shocked at the scale of the financial holdings.

In this first part, we lay out the evidence, taken directly from S.E.C. reporting. This evidence unequivocally proves collusion, improprieties, conflicts of interest, and appearances of impropriety.

Metaphorically speaking, these people are sleeping with one another. They are adept at working in the shadows behind legalese, byzantine interconnections, and all-around financial and legal mumbo jumbo. They give new meaning to the phrase "baffle them with bull shit." Please excuse the French, but it is appropriate here.

**PART II (NEXT WEEK)—THE FOUNDING FATHERS ON MAINSTREAM MEDIA'S FAILURE TO HONOR FOUNDING PRINCIPLES**

(L/R) James Monroe, Thomas Jefferson, Alexander Hamilton.

In Part II, we will review what Thomas Jefferson, Alexander Hamilton and James Monroe had to say about checks and balances, separation of powers, and the dangers when they are lost.

We focus on the Founders' central priority to separate government interests (Washington) and business interests (New York), with a Free Press to hold both accountable.

We evaluate the failure of today's Mainstream Media to check the powers of government and business.

We observe that the Mainstream Media has become little more than a propaganda tool for a group of Harvard graduates that appear to be morally and ethically challenged. These people appear dedicated to some form of utopian libertarian progressivism that is not based on the planks of either political party, but which has nevertheless hijacked the Democratic Party sometime prior to the ascendancy of Barack Obama, their Manchurian Candidate. That said, this Facebook Cabal has corrupted [both parties](#).

They used these funds to purchase influence inside Wall Street, Silicon Valley and Washington D.C. Former Director of Obama's National Economic Council, Lawrence "Larry" Summers, appears to be one of the prime movers, along with George Soros, Jamie Dimon, Lloyd Blankfein, John P. Breyer (father) and James W. Breyer (son). A gaggle of corrupt law firms and politicians are waddling behind them.

**PREMISE QUESTION:** Why is the Mainstream Media, the supposed Fourth Estate, [28] ignoring the corruption of the Obama administration in Leader v. Facebook, Benghazi, Fast & Furious, the IRS, the 2008 bailout, the energy stimulus, the AP wiretapping and Obamacare?

**About the AFI Investigator**

This article was authored primarily by an economist, educator, and Fortune 100 businessman who moonlights as a volunteer AFI investigator. This person does so out of concern for the moral decay of America's democratic institutions that the judicial corruption in Leader v. Facebook has exposed.

**INVESTIGATOR'S CONCLUSION:** The Mainstream Media has become little more than a propaganda outlet for Wall Street interests. As such, it has failed its sacred "Free Press" task for which it was given special privileges by the Founding Fathers. [1] Without a truly free and independent press, American democracy is doomed.

"Only a virtuous people are capable of freedom. As nations become more corrupt and vicious, they have more need of masters."

## MAINSTREAM MEDIA

For the purposes of this article, the investigative team researched the three traditional major television networks: American Broadcasting Company (ABC), Columbia Broadcasting System (CBS), and the National Broadcasting Company (NBC). This incorporates the Associated Press (AP) since ABC, CBS and NBC are the AP's largest contributing members.

**ABC** -owned by Disney.

**CBS** -owned by National Amusements (Sumner Redstone).

**NBC** -owned by Comcast; formerly owned by General Electric.

The relationships between Facebook interests and the Mainstream Media were divided between known:

1. direct involvement, and
2. financial involvement.

**FIG. 2**—The Mainstream Media flies with the Facebook cartel ducks, who are lined up against democratic free speech, privacy, and private property.

Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. (Read Leader's May 20, 2010 motion here.) He also permitted the jury to ignore the Pfaff v. Wells Electronics, Inc. test for on-sale bar, even after instructing the jury to use it. (See that Jury Instruction No. 4.7 here.) ## A. ABC/DISNEY—SHERYL K. SANDBERG

The clearest involvement of Facebook with mainstream media is the role of Sheryl K Sandberg.

Ms. Sandberg runs Facebook as its Chief Operating Officer (COO). She is in the inner circle of the Facebook Cartel. There is no doubt that she is a "duck." Her involvement with the key players dates to her graduate student days at Harvard where she was mentored by economist **DR. LAWRENCE ("LARRY") SUMMERS**.

After Harvard she followed Summers as his World Bank research assistant. During this time the two engaged Russian oligarch in training, **YURI MILNER**, to assist them in pressing the disastrous voucher system for the supposed privatization of the failing Soviet economy; a system that had already failed once in the Baltics. The Summers-Sandberg-Milner triumvirate has been one of the most destructive hidden agendas in the world economy over the last twenty years, in my opinion.

Ms. Sandberg then followed Summers to various senior staff capacities at the U.S. Treasury, eventually becoming his Chief of Staff when Summers was appointed Secretary of the Treasury by President Bill Clinton.

This investigation has actually moved well beyond the seminal fact that Mr. Summers was the president of Harvard when sophomore **MARK ZUCKERBERG** hacked all the student residence websites to steal the student photos for the first version of Facebook on Feb. 4, 2004. Mr. Summers brushed it off as a boyish prank. Hindsight says this was misdirection.

No lawsuit against Facebook has been able to do an unfettered forensic examination of the Zuckerberg Harvard archives from that period. The one ConnectU expert who did study the devices, **Jeff Parmet & Associates LLC**, was gagged by the court. These are the same 28 Zuckerberg hard drives that Facebook told Leader Technologies were lost, when in fact they were in the possession of their attorney, Gibson Dunn LLP.

The evident facts are that the Mark Zuckerberg Boy Wonder story is science fiction. Hollywood even cooperated. It was the fabricated cover story for the

Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. [See his Sep. 14, 2009 Order](#). Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

**FIG. 3—THE 28 "LOST" ZUCKERBERG HARD DRIVES FROM HARVARD.** Previously sequestered evidence of the existence of 28 Zuckerberg hard drives and Harvard emails which Facebook's attorneys Cooley Godward LLP and Gibson Dunn LLP told Leader Technologies' attorneys were "lost."

These Zuckerberg hard drives were "rediscovered" thanks to the efforts of Paul Ceglia's attorney, Dean Bolland, in Ceglia v. Zuckerberg. Click here for the deposition of Facebook's experts **Bryan J. Rose** and **Michael F. McGowan**.

Note: Soon after these blistering depositions, New York U.S. Attorney Preetinder "Preet" Bharara filed dubious criminal charges against Mr. Ceglia in a transparent effort to stop further leakage that could damage Facebook. Mr. Bharara is Harvard Law School contemporary of Barack Obama, and he worked formerly at Facebook's law firm, Gibson Dunn LLP. Mr. Ceglia has countersued Attorney General Eric H. Holder for breach of due process, and demanded that Mr. Bharara step down due to his evident conflict of interest. Mr. Holder responded dismissively, and Mr. Bharara has not recused himself.

They wanted to create a combined PayPal + Bill Gates Version 2 story. Mr. Zuckerberg was a willing pawn. The fact that he was a pathological liar was just dumb luck. Their success at deceiving the world is frightening, and hopefully a lesson in the results of moral complacency. Adolf Hitler was similarly successful at media manipulation prior to World War II.

It is well known that Dr. Summers was appointed by President Obama to be director of the National Economic Council managing the 2008 bank bailout. Many if not all of the financial institutions identified in this article were substantial beneficiaries of the bailout, most notably Goldman Sachs, Morgan Stanley, JPMorgan and State Street Corp. In his financial documents, Dr. Summers discloses many hundreds of thousands of dollars in speaking fees from these banks.

But Ms. Sandberg now also serves on the Board of Directors of Disney. In this role, she has the power to directly influence the wholly-owned major ABC media company. [2]

Ms. Sandberg is also a major donor and fund raiser for Barack Obama. Facebook LOFO (low information voter) "likes" are credited with winning him the 2008 and 2012 elections.

—a clear breach of constitutional due process.

**Judge Evan J. Wallach**, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. See Motion to Disclose Conflicts of Interest. Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions

(according to his Federal Circuit staffer Valeri White), and yet the Clerk signed

an order regarding that motion on Judge Wallach's behalf. See a full analysis of these events at Donna Kline Now! Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's Pfaff v. Wells Electronics, Inc. test for on-sale bar evidence, which included even the Federal Circuit's own Group One v. Hallmark Cards, Inc. test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. [Group One test omission analysis.](#)

## B. NBC/UNIVERSAL—STEPHEN BURKE

**Stephen Burke**, CEO, NBC Universal; Director, JPMorgan Chase & Co.; Harvard grad. Photo: OregonLive.

Stephen Burke is the CEO of NBC Universal. But, Mr. Burke also serves as a Director on the JP Morgan Chase Board of Directors.

Mr. Burke earned his MBA from Harvard. JP Morgan Chase has been a leader in providing financial support for Facebook, as an underwriter of their Initial Public Offering (IPO), and through their current credit agreement with NBC/Comcast. [3]

It is well known that JPMorgan Chase's CEO Jamie Dimon, also a Harvard graduate, is on intimate terms with many primary beneficiaries of the 2008 bank bailout and energy stimulus.

Ann H. Lamont, the granddaughter-in-law of JPMorgan's founder, Thomas W. Lamont, serves as a director of Castlight Health, and formerly Athenahealth, two big beneficiaries of the no-bid Health and Human Services contracts to build Obamacare's HealthCare.gov web site.

Ann Lamont and her husband Edward "Ned" Lamont were substantial contributors to the 2008 and 2012 Obama election campaigns. [4]

Mr. Burke's position of great power and influence in both banking and the media is disturbing.

General Electric director. General Electric owned NBC during the Leader v. Facebook case. A Boston native, Mr. Brennan holds a degree from Dartmouth in economics, and an MBA from Harvard. [5]

Patent Office Director David J. Kappos purchased approximately \$1 million of Vanguard funds within weeks of his surprise recess appointment by President Obama. Facebook then began a Patent Office attack on Leader Technologies' social networking patent in Leader v. Facebook through a little known legal maneuver called administrative "reexamination."

The reexamination procedure allows big infringers to harass

inventors outside the courts with additional time and expense. The purpose of reexamination was to reduce litigation costs, but it has done the opposite in our case.

The White House got involved with an unprecedented third reexamination ordered by Director Kappos himself before he left his position. However, when the Patent Office was asked to disclose the details of President Obama's involvement, they refused, claiming executive communication privilege.

Mr. Brennan is in a powerful position to influence NBC's editorial policies.

Pamela Daley, a former special adviser to the chairman of General Electric, the former owner of NBC, is a board member of BlackRock. General Electric owned NBC during the Leader v. Facebook case. Ms. Daley graduated from University of Pennsylvania Law School. [6]

Ms. Daley is also in a powerful position to use her new banking position to influence NBC policy, since NBC is the beneficiary of substantial BlackRock financings.

### E. FOX CORP—JAMES W. BREYER

**James W. Breyer,**  
Facebook; Managing Partner Accel Partners LLP; NVCA Fmr Chairman (2004); Harvard grad  
Photo: Der Spiegel.

Facebook's largest shareholder, James W. Breyer, Managing Partner, Accel Partners, LLP, is a member of the Board of Directors of 21st Century Fox (Fox News owner). Like the Mainstream Media, with one exception, Fox programs have systematically failed to cover the Leader v. Facebook private property battle—the only patent infringement battle with Facebook to go to trial and appeal up to the Supreme Court. [7]

Despite innumerable tips (some known personally to the author), Fox reporters have ignored the Leader v. Facebook case and the evident judicial corruption and attack on American private property by well-funded thieves.

The one exception was Fox Business' Shibani Joshi, who blind-sided Leader Technologies' CEO, Michael McKibben, in an obvious accommodation to Facebook.

On air, Ms. Joshi informed Mr. McKibben about a Federal Circuit decision that was favorable to Facebook—a decision that Leader's attorneys had not even been told about. In other words, Fox knew before one of the litigants. The stunt backfired when McKibben used it as another example of the corruption in the case. [8]

Mr. Breyer is another Harvard graduate, along with his fellow Harvard graduates and two primary Accel Partners LLP partners, James Swartz and Ping Li. Mr. Breyer is also a trustee of Harvard itself (Harvard gives it a different title, but that's his function). He has

**Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit,** clerk who signed all the opinions in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an amicus curiae brief revealing clear mistakes of law and new evidence. See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook. Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's throw of the White House? A self-governing state?]

**Judge Randall R. Rader, U.S. Court of Appeals for the Federal Circuit,** chief judge responsible for the (mis)conduct of his judges and Clerk of Court in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor

clearly bought his way in to the Harvard nerve center. Harvard graduate John Adams, a central thinker in the drafting of the U.S. Constitution, is probably rolling in his grave that such an unscrupulous individual has been invited to oversee university policy. Who at Harvard is speaking up? Kool-Aid anyone? Dirty money spends just like any other? [Is this the kind of shameful moral heritage the university wants to leave to posterity?]

Mr. Breyer is in a powerful position to influence Fox editorial policy, and to prevent any corruption investigation of Facebook. It should be noted that Mr. Breyer was a long time Wal-Mart board member who resigned after the [Wal-Mart Mexican bribery scandal](#) broke. Apparently he needed to spend more time with his family. Is he now sharing those lessons in corruption with Fox? It appears that such conduct is second nature to Mr. Breyer and his Beijing, China-based father, John P. Breyer, IDG Capital Partners aka IDG-Accel-China?

Fox appears ready to investigate other Obama administration corruption, but will not touch the Leader v. Facebook corruption, which is suspicious.

Here is the cast of characters in Leader v. Facebook. We encourage you to report their corrupt activities to this site and others, like Lawless America. ### A. Facebook's law firms:

1. Fenwick & West LLP (Facebook securities and patent law firm; former Leader Technologies counsel; attempted an appearance in Leader v. Facebook; did not seek conflicts waiver from Leader prior to representing Facebook)
2. Cooley Godward LLP (Facebook law firm in Leader v. Facebook;

well as the Ceglia v. Zuckerberg and Rembrandt v. Facebook cases.

Vanguard also holds \$16M in Disney corporate bonds as of 1/25/13.

## C. CBS

CBS is owned primarily by Sumner Redstone, a Harvard graduate and billionaire. He also is the primary owner of CBS' parent company, National Amusements, Inc. (NAI).

CBS has both direct marketing and financial relationships with Facebook and the Facebook Crowd.

The publishing house, Simon & Schuster, markets and distributes its products through Facebook. [23]

### 1. JP MORGAN & MORGAN STANLEY.

According to the CBS Annual Report dated December. 31, 2012, there is a very significant financial relationship between CBS and JP Morgan and Morgan Stanley: [24]

“Amended and Restated \$2.0 Billion Credit Agreement, dated as of March 16, 2011, among CBS Corporation; CBS Operations Inc.; the Subsidiary Borrowers Parties thereto; the Lenders named therein; JPMorgan Chase Bank, N.A., as Administrative Agent; Citibank, N.A., as Syndication Agent; and Bank of America, N.A., Deutsche Bank AG New York Branch, Morgan Stanley MUFG Loan Partners, LLC, The Royal Bank of Scotland plc, and UBS Loan Finance LLC, as Co-Documentation Agents (incorporated by reference to Exhibit 10.1 to the Current Report on Form 8-K of CBS Corporation filed March 18, 2011) (File No. 001-09553)” (emphasis added).

### 2. FIDELITY & BLACKROCK.

Further investigation is needed to validate two subsidiary references in the CBS Annual Report. Few details are available.

- A subsidiary of CBS Corporation is named Central Fidelity Insurance Corporation in Vermont. Company Profile for this listing is for Central Fidelity Insurance Company's Single Location in South Burlington, VT. The company primarily operates in the Direct Insurance (except Life, Health, and Medical) Carriers industry. Central Fidelity Insurance Company was founded in 2009 and is privately held. Central Fidelity Insurance Company has \$160,000 in estimated annual revenue. Central Fidelity Insurance Company employs 0-10 people. [25]
- A wholly owned subsidiary of CBS Corporation is BlackRock Insurance Co. in New York. They are governed internally by CBS employees and their sole purpose is stated as providing property and casualty and terrorism insurance to CBS. The researchers are unsure why the name “BlackRock” was used and whether or not there is a relationship with the BlackRock financial services companies. [26]

## CONCLUSION

“There is little doubt that the Facebook Cartel directly influences the mass media.”

There is little doubt that the Facebook Cartel directly influences the policies of the Mainstream Media. The influence includes the direct involvement of a Facebook senior executive (COO Sheryl K. Sandberg) serving as a member of the Board of Directors at ABC/Disney. A second senior media executive, Stephen Burke, CEO of NBC/Universal, sits on the Board of Directors at JP Morgan Chase.

The relationships are incestuous. The checks and balances of power are seriously broken. These people have betrayed the Constitution while they enjoy its

3. Blank & Rome LLP (Facebook law firm in Leader v. Facebook; former employer to patent judges)
4. White & Case LLP (Facebook law firm in Leader v. Facebook; undisclosed former employer to Patent Office Freedom of Information Act (FOIA) officer involved in Leader v. Facebook)
5. Gibson Dunn LLP (Facebook law firm in Leader v. Facebook; undisclosed counsel to the Federal Circuit; undisclosed protégé of Chief Justice John Roberts, Jr.; undisclosed former employer to Preetinder ("Preet") Bharara, U.S. Attorney currently persecuting Paul Ceglia in U.S. v. Ceglia (Ceglia v. Zuckerberg))
6. Orrick Herrington LLP (longtime Facebook law firm and destroyer of evidence for the cabal in Winklevoss v. Zuckerberg and ConnectU v. Facebook)
7. Weil Gotshal LLP (Federal Circuit counsel in Leader v. Facebook; Judge Kimberly A. Moore's undisclosed former client)
8. Latham & Watkins LLP (Facebook Director James W. Breyer's counsel; Judge Kimberly A. Moore's husband, Matthew J. Moore's new law firm)
9. Federal Circuit Bar Association ("FCBA") (Federal Circuit's bar association; second largest in the U.S.; Facebook's law firms exert much influence in its policy and activity, incl. Fenwick & West LLP, Gibson Dunn LLP, Orrick Herrington LLP, Weil Gotschal LLP; Facebook's large shareholder, Microsoft, is a director; Federal Circuit Clerk of Court Jan Horbaly is an officer; FCBA made an appearance in Leader v. Facebook to oppose the amicus curiae (friend of the court) motion of Dr. Lakshmi Arunachalam, former Director of Network Architecture at Sun Microsystems, in favor of Leader Technologies and objecting to the evident conflicts of interest within the court itself, her motion was denied, the judges refused to disclose their conflicts which we now know include Facebook and Microsoft stocks)
10. DC Bar Association
11. Perkins Coie LLP (Facebook's "rapid response enforcement team;" law firm for Obama's chief counsels, the husband and wife team of Robert F. Bauer and Anita B. Dunn; Bauer was identified on Aug. 1, 2013 as having directed the IRS targeting of the Tea Party)
12. Stroz Friedberg (Facebook's "forensic expert" who manipulated the data in Paul Ceglia v. Mark Zuckerberg, and who first revealed the existence of 28 Zuckerberg hard drives and

privileges. Judges allowed themselves to be influenced. Mainstream journalists have failed to expose corruption. Businessmen have breached their good faith positions of trust. Bankers have lined their pockets with every manner of scheme. Investment funds have manipulated markets in self-dealing. Regulators turned blind eyes and pocketed the cash. Policy makers traded on insider tips. All of them ignored laws at their pleasure.

The Facebook Cartel financial involvement and support from Wall Street includes major stock ownership, corporate bond ownership, and even a two billion dollar level of credit (for CBS).

Very simply, there is clearly direct involvement of Facebook in the Mainstream Media.

In fact, the evidence is overwhelming....these are ducks and they do fly together. Sometimes you can't see them. In fact, Donald Duck warned us about himself:

"I'm a camouflage painter." Donald Duck, *The Vanishing Private* (1942)[27]
