MEET THE 11 LAWYERS WHO HAVE STOLEN AMERICA'S PRIVACY ... IN THE NAME OF "NATIONAL SECURITY"

PAY-to-PLAY NEW WORLD ORDER
Timeline shows how insiders sell access

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were tipped to mutual funds tied to insider stocks like Facebook. Risk of public exposure has ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box. Click timeline below.

UPDATE MAR. 25, 2014

FIVE CRITICAL AFI POSTS ON JUDICIAL

Raytheon Missile Systems

Legal, External Affairs, as a reference. [Id., p. 72](#); In 1995, [Ms. Gilt also endorsed Judge Garland](#) in his Senate confirmation hearing. This is clearly a tight clique of lawyers.

In 2001, Stephens disclosed a Justice Department relationship with IBM (including undercover operations), which proves his association with Leader Technologies' patent counsel, James P. Chandler, who also advised BM and its inside counsel, David J. Kappos, who was appointed by Obama as [Patent Office Director](#) in 2009. [Stephens Hearing, p. 74](#)

Stephens later become senior vice president and general counsel of Raytheon Corp., a prime defense contractor, weapons manufacturer and vendor to the spy state.

Raytheon missile products are suspected by a highly credible senior aircraft manufacturing official to have been used on 9-11. He/she has investigated the gapping holes in the official story of 9-11 from both engineering and forensic perspectives. He/she oversaw manufacturing of certain portions of a well known aircraft.

For example, none of the crash sites had customary debris fields that one would normally find for commercial jets full of passengers and cargo (e.g., clothes, papers, luggage, children's toys). Also, the crash sites were bereft of **titanium** jet engines. He/she said that the titanium in a jet engine does not burn or disintegrate in a crash. The inferno, as spectacular as it is, never gets hot enough to melt titanium.

Jet fuel burns at 800° to 1500° F. Titanim melts at 3,034° F. You do the math. The myth debunkers (or astroturfers-propogandists) have steered clear of these facts.

Before the Garland nomination, this aircraft industry expert had said he/she believes that the site evidence makes Raytheon cruise missiles the more likely cause of the 9-11 site damage signatures. We had not published this previously, but when Raytheon's chief counsel became associated with the Garland nomination and the illegal NSA surveillance programs, this research may be material, and is certainly worth further investigation.

STOP FACEBOOK PROPERTY THEFT

WILL HUMANK ND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves

Eric J. Holder, Jr. was appointed Deputy Attorney General by Bill Clinton in 1997. A post he held until 2001. He is a protégé of James P. Chandler, III, author of the Economic Espionage Act in 1996. Webb, Robert S. Bennett, George J. Terwilliger, III, Joe D. Whitley, Jay B. Stephens, Donald B. Ayer and Evan J. Wallach.

Holder was appointed Attorney General by Barack Obama on Feb. 2, 2009. Holder approved and supervised the NSA's illegal bulk surveillance program on American citizens.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it.

Real American inventors need your support.
