STATE DEPT HIDES HILLARY'S SIX-YEAR STAFF VENTURE CAPITALIST NOW PROMOTING BITCOIN WITH GOLDMAN SACHS

STATE DEPT MAKES FALSE CLAIMS ABOUT HILLARY'S INTERNET FREEDOM SPEECH WRITER IN 2009

CONTRIBUTING WRITERS | OPINION | AMERICANS FOR INNOVATION | JUN. 30, 2016 | PDF

PAY-to-PLAY NEW WORLD ORDER. Timeline shows how insiders sell access. Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were tipped to mutual funds tied to insider stocks like Facebook. Risk of public exposure has ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box. Click timeline below.

FIG. 1--HILLARY CLINTON'S chief speech writer, Tomicah S. Tillemann (left), also acted as her personal staff venture capitalist during his six years at the State Department. He brokered some 100 technology deals for Hillary and her insider crony companies associated with the IBM Eclipse Foundation NSA spy state. Tillemann now works with executives from Goldman Sachs and Deutsche Bank to promote Bitcoin—a new global digital "virtual" currency allied with George Soros and the Bilderberg Group. This currency, if it takes hold, will be controlled by international bankers and multi-national corporations, and not the U.S. government, or any government.

... all of the following emerged from one FOIA lie.

(Jun. 30, 2016)—In the wake of release of the Benghazi Committee's findings, the State Department just refused to provide the text of Hillary Clinton's Jan. 6 or 21, 2010 (the documents are contradictory) on Internet

Freedom to the Newseum in Washington, D.C.

Ironically, the State Department FOIA officials censored preparations for a speech on . . . Internet Freedom, including freedom . . . from censorship!

The purpose of the redactions appear to be to obscure Hillary's six-year relationship to her boyish-looking staff venture capitalist, Tomicah S. Tillemann (2009-2014). Tillemann now promotes the globalist Bitcoin virtual currency with Goldman Sachs and Deutsche Bank.

Tomicah S. Tillemann

Huma Abedin

Lloyd Blankfein, CEO, Goldman Sachs

These email exchanges occurred among more than a dozen State Department staffers on state.gov email accounts and Hillary's private email server HDR22@clintonemail.com. Recent information shows that hackers Guccifer 1.0 and 2.0, as well as Huma Abedin's Saudi Arabian family with Taliban ties, were probably monitoring these exchanges through "easy" hacks.

EVEN SIMPLE FOIA REQUESTS ARE SCRAMBLED

On May 23, 2016, Michael T. McKibben, CEO and Founder of Leader Technologies ("Leader")—the actual inventor of social networking (that's right, Mark Zuckerberg is a fraud, in our opinion)—filed a Freedom of Information Act request for an un-redacted version of Hillary Internet Freedom speech. That was it. One request.

The State Department response nonsensically handed back to Leader only one document—the Judicial Watch document McKibben had cited originally and which they knew he already had.

The continued obfuscation has now shined a light on the little amount of information that was not redacted. It disclosed the names of a dozen senior staffers who participated in the drafting, including new political advisor, Anne-Marie Slaughter, author of A New World Order (2004) and George Soros in-law, and new "Senior Advisor for Innovation," a boyish-looking Alec J. Ross.

Anne-Marie Slaughter

Alec J. Ross

George Soros

AFI researchers have since found a copy of Hillary's Internet Freedom speech published on the State Department website! This begs the question: "Why then, is the State Department going to such extraordinary lengths to obscure the record of a publicly available speech?"

Ironically, Hillary said in her Internet Freedom speech on Jan. 21, 2010:

HILLARY: "As I speak to you today, government censors somewhere are working furiously to erase my words from the records of history. But history itself has already condemned these tactics."

TRAPPED BY HER OWN WORDS

Hillary condemned her censorship, and that of the State Department, by her own words.

A DEVILISH LITTLE LIE WITH MANY TAILS. THE PRIZE? BITCOIN.

In Leader's version, ref. F-2016-05759, Doc. No. C05767009 just released:

1. Hillary is not identified as a recipient.
2. Tomicah S. Tillemann circulated the draft, but his email address was redacted claiming a "B6" exemption (Personal privacy information)—this is a lie, he worked

for the State Department and thus had no such privacy right, see below.

3. The entire speech draft is redacted as a "B5" exemption (Interagency or intra-agency communications forming part of the deliberative process, attorney-client privilege, or attorney work product). This exemption is a license to play for government attorneys.
4. Other participants in the drafting were a Who's Who of Hillary scandals:
 - a. Tillemann, Tomica S.
 - b. Crowley, Philip J.
 - c. Mills, Cheryl D.
 - d. Muscatine, Lissa
 - e. Ross, Alec J.
 - f. Slaughter, Anne-Marie—A New World Order (Princeton Press, 2004)
 - g. S_SpecialAssistants
 - h. Sullivan, Jacob J
 - i. Toiv, Nora F

In the State Department's current online Reading Room version of the Leader/McKibben document, the content is doctored. The first page of Leader's disclosure was moved to page 12 online. Hillary is not identified as a recipient on this version either.

Tampering with evidence like this is a criminal offense.

Nonetheless, numerous other versions of the email string (not provided to Leader Technologies) are available on the State Department FOIA website.

Many of these versions identify Hillary and her personal email server HDR22@clintonemail.com interacting with the list of State Department recipients above.

These versions were not provided to McKibben and Leader Technologies. Since the documents exist, and they have already been made available, the State Department had a duty to provide all of them to McKibben and Leader, not just one of them.

So why the obfuscation?

QUESTION: What are they hiding if not Hillary's infamous private server?

ANSWER: Hillary & Bill's involvement in the current development of a virtual global currency—Bitcoin.

PROOF: THE STATE DEPARTMENT LIED ABOUT TOMICAH S. TILLEMANN

It is a felony for a federal official to knowingly provide false or misleading information, as the State Department FOIA response clearly did to McKibben and Leader Technologies.

TOMICAH S. TILLEMANN: HILLARY'S STAFFER & CRONY CAPITALIST DEAL MAKER

This finding confirms Donald J. Trump's recent accusations that Hillary was running the State Department like her private hedge fund—trading on her influence to make money.

Tillemann's job working for Hillary, besides writing speeches, was to facilitate commercial deals trading on Hillary's influence as Secretary of State.

This conduct was given academic blessing by the unimaginative Princeton lawyer and professor Anne-Marie Slaughter. Her worn out Fascist philosophy to "tie private incentives to public goals" is the same philosophy employed by Adolf Hitler. Like Obama and Hillary, Hitler left his cooperating companies free to exploit the nation as long as those companies supported his war effort and agenda. This is crony capitalism at its finest.

Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.

BARACK OBAMA'S DARK POOLS OF CORRUPTION

HE IS PREPARING THE TAKEOVER OF GLOBAL MONEY VIA BITCOIN WITH GOLDMAN SACHS.

Tillemann is promoting the dubious new Bitcoin company Bitfury Group.

Bitfury is swimming in incestuous Silicon Valley relationships associated with the global digital takeover by the NSA, IBM, and the IBM Eclipse Foundation—all companies and agencies that have supported Barack Obama's rise to power and now want Hillary as President. Jeb Bush would have been fine too.

For example, one of Tillemann's Bitfury investors is [Robert R. Dykes](#). Dykes was CFO of [Juniper Networks](#). Juniper was recently caught providing a universal encryption backdoor to the NSA. That arrangement was made on Dykes' watch, we believe.

When you read Dykes resume, you'll ask yourself how he could have held so many jobs?

Answer: Dykes is one of the Cartel executives who is orchestrating this global takeover of the Internet. That's why he gets around, we believe.

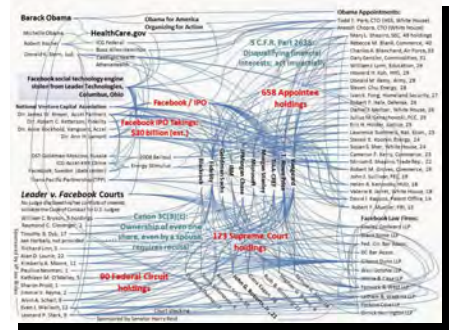

Another of Tillemann's Bitfury investors is [QueensBridge Venture Partners](#). QueensBridge boasts intimate relationships with Goldman Sachs and Deutsche Bank.

[Bill & Hillary Clinton](#) have been paid \$1,150,000 by Goldman Sachs and \$1,020,000 by Deutsche Bank for speeches. Goldman Sachs was the underwriter on Bill Clinton's UrAsia uranium mining junket that netted The Clinton Foundation \$154 million in payola donations.

See previous post—AFI. (Jan. 29, 2016). Clinton 2005 uranium junket netted \$152 million for the Clinton Foundation and \$3.1 billion for donor. Americans For Innovation.

STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

FOIA LIE:

TOMICAH S. TILLEMANN'S STATE DEPT. EMAIL ADDRESS IS NOT (B6) "PERSONAL PRIVACY INFORMATION"

It always seems to be the stupid little slip ups that catch these unscrupulous actors in their web of lies.

Busted.

We close with the words of Patricia Smith, the mother of Hillary's slain employee—U.S. information management officer Sean Smith in Benghazi. Ever since his death, Mrs. Smith has blasted Clinton many times for "lying" to her and for how the State Department handled the attack.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate.
Sanction. Certify.

Contact your representatives. Ask them to pass it.

Real American inventors need your support.

Click image above to download a poster-quality PDF optimized for a 11in. x 17in. (ledger-size) poster. America should not be in the business of cheating its entrepreneurial investors simply because the cheaters buy off judges with the money gained from their theft. Such permissiveness is obscene.

Smith spoke with Deirdre Bolton on Fox Business' Risk & Reward two days ago, and she made it clear that only Clinton's conviction will give her closure.

"Hillary is a liar," Smith said. "All they said, all they reported, I imagine, I haven't seen the report yet, but, all the reporting is what Hillary told them. And I say she lied to them."

Smith said she would like to "see Hillary in stripes," and she demanded that the media "do something" to pin down the former Secretary of State.

The "Big Three" media outlets are Hillary and Bill Clinton sycophants (for those who don't have time to look it up, it means "suck-ups" in everyday language).

Perhaps our mainstream media propagandists should join Hillary and Bill in adjoining jail cells for their negligent failure to protect America as a free and independent press.

EVEN THOUGH HILLARY, THEIR BOSS, LIES ABOUT THEM TO PRESERVE THE "CLINTON BRAND,"

WE NEVERTHELESS HONOR THEM FOR SERVING US BRAVELY.

NEVER FORGET.

May their memories be eternal.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this

firm with the reason why not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless.
