On Sep. 11, 2023, Google, the Blogger platform provider for AFI since 2013, **REMOVED ALL AFI Truth History** investigation reports (11 years worth) after their "robot" allegedly detected "HATE SPEECH." Ironically, this was the same day as the 22th anniversary of Sep. 11, 2001 when the Bill of Rights was attacked. See the censorship for yourself: <https://americans4innovation.blogspot.com> Note: This Google censorship occurred two days after AFI published research findings on the [@-D-L](#). Google has proven yet again to be an operation of the U.S. and British intelligence agencies directed by the Pilgrims Society out of the City of London. See also the [Leader v. Facebook Crimeline](#).

To search this web page only: Choose the [ctrl] and [F] keys on your keyboard. A small "Find" window in your browser will pop up. In the Find text field, type the topic, word or phrase you want to search for, then click [Enter]. Your browser's Find window will display how many instances of that word or phrase are contained in the AFI post file names. Click the down arrow next to the search text box to leaf through each instance in succession. The table of files is displayed NEWEST to OLDEST.

SEARCH by topic, keyword, or phrase. Type in Custom Search box below.

e.g. IBM and JPMorgan and "Babylonian Radhanite" and "Pilgrims Society" and MI6 and "City of London" and "annexation of America"

This searches the contents of all AFI Truth History investigation posts (published dates and titles shown below) and all

supporting evidence linked to those posts.
