Patent Office Impropriety

Patent Judge Stephen C. Siu—a former Microsoft and IBM employee, *is leading the charge* on an unprecedented third Leader patent reexamination. His conflicts are many and overlapping. (1) Microsoft is one of Facebook's largest shareholders; (2) Microsoft is a Director of the Federal Circuit Bar Association (FCBA); (3) Federal Circuit Clerk of Court Jan Horbaly is an FCBA Officer; (4) Facebook's attorneys are in the FCBA "Leaders circle;" (5) Facebook is pressing the tainted Federal Circuit decision; (6) PTO Director David Kappos is IBM's former intellectual property chief counsel; and (7) Facebook recently purchased hundreds of IBM patents.
