Life

It's healthier for girls to be rebels

Girls realize this kind of healthiness is going to get them into really bad trouble. Gilligan says, "no they go underground with their thoughts and feelings." During adolescence, girls' inner lives and needs are at odds with society's expectations, says Carol Gilligan, a professor of psychology at Harvard Graduate School of Education.

Keefe

Following the birth of her daughter, Sarah, she stayed home for six months. Mrs. Keefe's mother, who now makes her home in Jans Beach, Fla., was a professor and associate dean at the University of Illinois, and her father was a high school principal and basketball coach.

One of my goals is to live long enough to see a woman running for public office being treated without bias. Mrs. Keefe said she would like to see a woman president of these United States. Her interest in the number of registered, independent and unaffiliated children prompted her to run for office, she said.
