Elon Must just admitted to Jay Leno that he is a criminal who steals patents and does not respect the U.S. Constitution

[Elon Musk, SpaceX. \(Sep 15, 2022\)](https://www.cnbc.com/video/2022/09/15/new-elon-musk-shows-jay-his-spacex-rocket-engines.html). @24s, “I don’t care about patents... patents are for the weak . . . patents are like landmines in warfare... they don’t help advance things... they just stop others from following you... and most patents are B.S.” interview with Jay Leno. U.S. Constitution Article I Section 8 | Clause 8 – Patent and Copyright Clause of the Constitution. [The Congress shall have power] “To promote the progress of science and useful arts, by securing for limited times to authors and inventors the exclusive right to their respective writings and discoveries.”

... and this is the **Babylonian playboy from the South Africa mines** who helped fund Zuckerberg/Facebook's theft of the social networking invention of Columbus, Ohio inventor Leader Technologies, and in whom America invests its space, energy and electric vehicle billions

NOTE THE UTTER HYPOCRISY: *Elon Musk's TESLA holds 1,190 U.S. Patents!*

Go here: <https://ppubs.uspto.gov/pubwebapp/static/pages/ppubsbasic.html>

Under "Basic search" selected "Assignee name" from the drop down menu, then type "Tesla" in the "For" box. Click the "Search" button.

This picture is seriously messed up. Any patent attorney or judge who does not prosecute this Musk criminality is a fellow criminal by inference.

Any investor in Musk who does not immediately sue for **BREACH OF THE REPRESENTATIONS AND WARRANTIES CLAUSE OF MUSK'S SECURITIES DISCLOSURES** is also a contributing criminal benefiting from admittedly stolen property
