MEMORANDUM FOR: Deputy Director for Plans  
THROUGH: Assistant Deputy Director for Plans  
SUBJECT: Indications of the Scope and Possible  
Damage of New Allegations by Ramparts  
Magazine

1. This memorandum is furnished for information only.
2. Early in April 1968 the Office of the General Counsel made available to Central Cover Staff (CCS) a copy of a letter and an attached list of organizations sent to the Internal Revenue Service (IRS) by Mr. Jon Frappier of Ramparts Magazine. The letter, dated 5 April 1968, had been furnished OGC through IRS liaison channels. The letter appended a list of 145 tax-exempt organizations and indicated that all were suspected of having been funded by or having cooperated with CIA.
3. The letter indicated that the listed organizations were only a part of the organizations being scrutinized by Ramparts and that other available sources of information on these and other suspect organizations had already been examined. The other sources of information were stated as including the literature of the organizations and interviews with their staff members; records available in the Attorney General's offices in Illinois, Massachusetts, and New York; data available at the National Information Bureau in New York, Group Research, Inc., in Washington, D.C., and the Foundation Library Centers in New York and Washington; and the 990-A returns available at the district offices of the IRS. The letter requested 990-A

returns for specified years and in most cases the Form 1023 Application for Tax Exempt Status. Ramparts asked the IRS to make these materials available for inspection at a mutually convenient time.

4. A review of available CIA data on the listed organizations has shown that 89 of them were at one time or another somehow associated with CIA. Only two of these

are of current operational interest. These two activities and 45 organizations formerly of interest to CIA were mentioned in the American press during [REDACTED]. Forty-two other listed organizations which were in fact associated with CIA were not exposed during [REDACTED]. We have found no evidence that 55 organizations on the list were ever directly or indirectly associated with CIA. (Because two of the names on the list are successive names for the same organization, the actual total number of organizations listed is 144 rather than 145.) Three additional project organizations, not included in the Ramparts list, may be vulnerable because they were covertly funded by hitherto unexposed foundation funding instruments included in the list. Only one of these,

Redaction

is of current operational interest.

5. The CA Staff was furnished a copy of the Ramparts letter and list and has checked out the organizations of possible previous CA Staff interest. All organizations not readily identifiable with known project organizations or as CCS funding instruments have been traced with RID, with CS area divisions that might logically have had an interest in them and against CCS Registry files. Through arrangements with the IRS, representatives of CCS and OGC also examined available IRS data (990-A's and Forms 1023) on the listed organizations. This was done before the IRS documents were made available to Ramparts, in order to be sure that restricted 990-A, Part I data would not be furnished to Ramparts and to try to establish the reasons for Ramparts' interest in the organizations. Our current findings are the results of these various file reviews.

6. Attached hereto are annexes listing and discussing the several categories of organizations on the Ramparts list. Annex A deals with the two organizations on the list which are still of active operational interest. Both received

press mention during [MHDOWEL].<sup>01</sup> Annex B lists and discusses under several sub-categories the 42 organizations with which the Agency has had some direct or indirect operational ties in the past which were not cited in the press during [MHDOWEL].<sup>01</sup> Annex C lists the 45 organizations included in the April 1968 list which had former Agency operational ties which were subject to press allegations during [MHDOWEL].<sup>01</sup> Annex D lists and briefly discusses the 55 organizations included in the Ramparts list that had no known operational connection with CIA. Annex E lists and discusses three hitherto unexposed operational activities that are not included in the April 1968 Ramparts list but which are vulnerable because they were covertly funded by hitherto unexposed funding instruments included in the Ramparts list. Annex F shows a copy of the full April 1968 Ramparts list.

7. The 42 former project organizations listed and described at Annex B which have not previously been charged with CIA association in American press comment fall into five general categories:

a. Foundations and other organizations used as witting funding conduits for covert subsidies to project organizations and other operational activities. Sixteen organizations fall into this category. Eleven of them are multipurpose legitimate foundations which were recruited by CCS. Four were created or recruited for exclusive use in funding one project each and one was used for a one-time travel grant.

b. Witting legitimate foundations and organizations used exclusively to provide funding and status cover for singleton agents. Six organizations were used in this way and provided cover for seven agents in various parts of the world. Some of these organizations also provided one-time support for unwitting individuals of operational interest.

c. Proprietary or subsidy project organizations. There are six of these: Projects [CAMANTILLA],<sup>01</sup> [WUHUSTLER],<sup>01</sup> [FOCLPROOF],<sup>01</sup> [HTNAMABLE],<sup>01</sup> [SGPANFISH],<sup>01</sup> and [AESTRIKER].<sup>01</sup>

d. Three organizations with which there were witting operational contacts to obtain information and leads but which were not actively involved operationally.

9/15/82

SECRET

-4-

e. Eleven unwitting organizations which received grants from project organizations for operational or cover reasons or which cooperated with project organizations.

8. We cannot say with complete assurance that all 55 of the apparently innocent organizations on the Ramparts list in fact never had any Agency ties. Our researches have shown that RID indices are often incomplete. We have found operational use data in CCS files on organizations with no record in RID. The same is true in other cases where information was available in CA Staff or area division files on organizations which drew a blank in RID. It seems likely, however, that any undetected operational interest in the organizations was in the period of the early 1950's and of a marginal nature.

9. In reviewing available information on the listed organizations we attempted to determine whether there was a logical external basis for Ramparts' interest in the organizations or whether some form of internal Agency leak might be involved. Our reviews and analysis show fairly conclusively that Ramparts has been proceeding on the basis of overtly available information, supplemented by interviews with project personnel:

a. All but three of the 42 terminated but hitherto unexposed project organizations and 24 of the 55 organizations which actually had no Agency ties are somehow related to project organizations or funding instruments previously exposed. Some of the organizations made legitimate or covert grants to previously exposed organizations, others received covert or legitimate grants from previously exposed funding instruments or from innocent foundations that had made legitimate grants to exposed organizations, and still others had officers who were associated with exposed CIA organizations.

b. Thirty-one innocent organizations on the Ramparts list and three of the hitherto unexposed organizations of former interest to the Agency have no such known ties to exposed Agency organizations. In most of these cases, however, the names of the organizations are similar to those of exposed organizations or are of a nature that makes them suspect.

10. It seems likely that Ramparts' interest in a number of the 42 unexposed project organizations is based on factors unrelated to the actual CIA dealings with them.

11. The Headquarters elements that are or were responsible for the projects and activities that could be implicated by new Ramparts allegations have been notified of the foregoing findings. No further action is required at this time.

Under Project QKGAUNT, \$2,500 was furnished IRC in 1950 - 1951 to obtain biographic data on defectors. In December 1962, IRC Chairman Leo Cherne offered cover and FI use of IRC to Ramons Brown, DC/CA. C/EE declined the offer, indicating there already were useful contacts.

IRC received legitimate grants from J. Frederick Brown Foundation (34) and J. M. Kaplan Fund (101).

## ANNEX A

ORGANIZATIONS ON 5 APRIL 1968 RAMPARTS LIST  
 THAT ARE OF CURRENT OPERATIONAL INTEREST

1. African-American Labor Center, Inc., (AALC), Manhattan, New York (2) <sup>29</sup> <sub>08</sub> <sup>24,01,06</sup>

<sup>29</sup> CA/B4 Project QRSTUMP. Irving Brown (T) continues as AALC Executive Director and uses this relationship as status cover for operational travels in African and Europe. Although covert funding of AALC has been suspended, <sup>10</sup> black-bag payments to Brown and by him to operational contacts may be implicitly attributed to AALC. <sup>29</sup> <sub>24,06</sub>

<sup>29</sup> AALC received press publicity during MHDOWEL. Brown was named as a CIA agent in the Braden Saturday Evening Post article. <sup>06</sup>

2. Institute for International Youth Affairs, Manhattan, New York (IIYA) (79) <sup>29</sup> <sub>08</sub> <sup>24,01,06</sup>

<sup>29</sup> CA/B3 Project QRTROW. Under Katzenbach guidelines and DDP decisions, IIYA was to be re-established abroad <sup>29</sup> as a condition for continuation of the project. Various possibilities in Europe have been explored and vetoed. Steps are currently being taken to relocate the activity in Belgium. <sup>11</sup>

<sup>29</sup> IIYA received limited press mention during MHDOWEL and only in the context of its Free Europe Committee origins <sup>29</sup> and its former funding by the International Development Foundation (terminated WH Project GOALIBI) (88). <sup>01</sup>

<sup>29</sup> IIYA is vulnerable because of its former funding by the Colt (41) and Ronthelyn (129) Foundations, as well <sup>29,29</sup> as by the Helena Rubinstein Foundation (not on the 5 April <sup>29</sup> 1968 list but of known interest to Ramparts) and by the <sup>29,29</sup> Florence (58) and W. Alton Jones (99) Foundations (exposed during MHDOWEL). <sup>01</sup>

Six Project Organizations

23. <sup>29</sup> [American Friends of Refugees, Inc. (AFR) - Manhattan, New York (13)] <sup>29</sup> 08

Instrumentality of Project [ARMANTILLA/CAMANTILLA] <sup>01</sup> which provided resettlement support of [Defector Reception Center in Germany] <sup>29, 10</sup>

<sup>29</sup> The [P/A, Augustus G. Elmendorf (T)] <sup>06</sup> was also an officer of the [Tolstoy Foundation] (138) and [International Research on Communist Techniques (95) (AESTRIKER)] <sup>29, 01</sup>. [AFR] was funded by the exposed [San Jacinto Fund]. <sup>29</sup>

- 23<sup>a</sup> <sup>29</sup> [American Friends of Russian Freedom] - Manhattan, New York (14) <sup>08</sup>

Former name of [American Friends of Refugees, Inc. (23)] <sup>29</sup>. (See above.) <sup>08</sup>

24. <sup>29</sup> [International Research on Communist Techniques] (IRCT) - Manhattan, New York (95) <sup>08</sup>

Successor organization to [Committee to Combat Soviet Kidnapping (CCSK) (AEPROCESS)] <sup>29, 01</sup> which was established in 1954 at the initiative of [Vladimir Rudin], head of the <sup>06</sup> [American branch of the Russian emigre organization NTS] <sup>29</sup>, following the [Khokhlov affair] <sup>08</sup>. [NTS] was and is subsidized under SE/CA Project [AEGIDEON] <sup>01</sup>. [CCSK] changed its name to [IRCT] <sup>29</sup>. The two organizations successively received sterile grants under Project [AESTRIKER] <sup>01</sup> FY 1954 - 1956, at \$14,585 a year. <sup>29</sup> [IRCT] published a magazine, <sup>08</sup> [Behind the Soviet Lines], which was distributed in the U.S. and the U.K. to generate opposition to Soviet acts of violence. <sup>11</sup>

In addition to [Rudin], [IRCT] officers included [Augustus G. Elmendorf (T)] (who was also associated with [AFR] (12) <sup>29</sup> [Project CAMANTILLA] and the [Tolstoy Foundation] (138) <sup>29</sup> and Eugene Lyons (T) [former president of American Committee for Liberation of the Peoples of the USSR] (Project [QACTIVE]) <sup>01</sup>. Its attorney was [John F. B. Mitchell, Jr.] (T), former OGC staffer and currently the backstop for [Victoria Projects], an entity under DO Project [WUPSYCHE]. <sup>01</sup>

25. <sup>29</sup> [Freedom Fund], Inc. - Manhattan, New York <sup>08</sup> [(61)]

Established under SB Project <sup>01</sup> [AEMIRROR] and transferred around 1962 to DO as Project <sup>01</sup> [WUHUSTLER], CIA support terminated in 1967. Headed from its inception by <sup>06</sup> [Carl T. Chadsey, Jr. (T)], it was used until 1961 as a funding channel for the [NTS (Project AEGIDEON)], as well as a propaganda outlet. <sup>29,01</sup>

<sup>29</sup> [Freedom Fund], Inc. was covertly funded by the <sup>29,29,29</sup> [Branta (32) Renthelym (129)], J. Frederick Brown (34)], and <sup>29</sup> [Pappas Foundations]. The latter two were exposed during <sup>01</sup> [MHDOWEL]. <sup>29,10</sup>

26. <sup>29,10</sup> [International Research Institute, Inc. - Princeton, New Jersey (94)]

This is probably a new name for the <sup>29,10</sup> [International Institute for Social Research (IISR) in Princeton, New Jersey], which was cited in the New York Times on <sup>09</sup> [26 October 1958] as receiving funds from the subsequently <sup>29</sup> exposed [Dearborn Foundation (49)]. <sup>29</sup> [Dearborn] provided substantial covert funds, 1955 - 1962, to the <sup>29</sup> [Research Council], Inc. (as affiliate of the <sup>29</sup> [Princeton University Office of Public Opinion Research] for <sup>29</sup> [IISR] under <sup>29</sup> [BQM/OIS Project FOOLPROOF] for in-depth opinion studies <sup>01</sup> carried out by <sup>06</sup> [Lloyd Free (T)] and [Hadley Cantril (T)] in selected countries throughout the world.

In 1961, through a clerical error, <sup>29</sup> [Dearborn (49)] checks for <sup>01,01</sup> [FOOLPROOF and HTNAMABLE] (see below) were reversed, making these organizations mutually witting.

27. <sup>29,10</sup> [Scientific Engineering Institute, Inc. (SEI) - Cambridge, Massachusetts (132)]

<sup>01</sup> [DD/S&T proprietary Project HTNAMABLE]. <sup>29</sup> [Ramparts] has recently sought to interview some of the project principals. <sup>29</sup> [SEI] has special sensitivity because of its prestigious and well-connected principals. It was covertly funded through the <sup>29,29,29,29,29</sup> [Colt (41), Magowan (108), Sunnen (135), W. Alton Jones (99), Dearborn (49)], and <sup>29</sup> [Ridgefield Foundations]. Its own 1966 990-A will show grants <sup>29,29,29,29</sup> of \$1,245,000 to <sup>29</sup> [Dearborn (49), Jones (99), Magowan (108), Sunner (135)], and <sup>29</sup> [Ridgefield Foundations].

28. **People-to-People Health Foundation, Inc. (PPHF) - Washington, D.C. (124)** <sup>29</sup> <sub>08</sub>

Also known publicly as **Project HOPE**, this organization is related to the former FI/OPS Project **SGPANFISH**. It was mentioned during **MHDOWEL** in the context of a legitimate grant by the exposed **Hobby Foundation (71)**. PPHF was covertly funded by the exposed **Dearborn (49)** and **Marshall Foundations**. It also received legitimate grants from the **Catherwood Foundation (36)** and **McGregor Fund (109)**. <sup>29</sup> <sub>01</sub> <sup>29</sup> <sub>29</sub>

**Three Organizations with Which There Have Been Some Witting Contacts**

29. **American Universities Field Staff, Inc. (AUFS) - Manhattan, New York (25)** <sup>29</sup> <sub>06</sub> <sub>08</sub>

**Kermit Roosevelt** had contact in 1950 with **AUFS Executive Director, Philip Talbot (T)**, on possible cover use of **AUFS**. In 1956, **OO/Contacts** reported a continuing relationship with **AUFS** for exchange of information. There apparently was some covert exploitation until **Book Dispatch No. 5167** of 4 October 1965 prohibited further use. **Henry M. Wriston (T)**, President of **AURS** and of **Brown University** was contacted in 1952 on use of a separate **Brown University** facility for agent cover. <sup>29</sup> <sub>06</sub> <sub>29</sub> <sub>23</sub>

30. **International Rescue Committee, Inc. (IRC) - Manhattan, New York (93)**

Under Project **QKGAUNT**, \$2,500 was furnished IRC in 1950 - 1951 to obtain biographic data on defectors. In December 1962, IRC Chairman **Leo Cherne** offered cover and FI use of IRC to **Emmons Brown, DC/CA**. C/EE declined the offer, indicating there already were useful contacts.

IRC received legitimate grants from **J. Frederick Brown Foundation (34)** and **J. M. Kaplan Fund (101)**.

31. **Iran Foundation (IF) - Manhattan, New York (98)** <sup>29</sup> <sub>08</sub>

203 W. 107th Street, Apt. 4C  
New York City, New York

Mr. Joe Rosapepe  
Public Information Division  
Internal Revenue Service  
1111 Constitution Ave., N.W.  
Washington, D.C. 20224

Dear Mr. Rosapepe:

Ramparts Magazine is under contract to McGraw-Hill Publishing Company to produce a book dealing with organizations that were funded by or cooperated with the Central Intelligence Agency. We have already obtained much of the background information on these organizations from the following sources:

- 1) Inspection of the organization's literature and interviews with their staff members;
- 2) Inspection of records obtained from the Charitable Organizations Division of the Attorney General's office in the states of Illinois, Massachusetts and New York;
- 3) The National Information Bureau in New York;
- 4) The Foundation Library in New York and Washington, D.C.; and
- 5) Group Research, Inc. in Washington, D.C.

In order to complete the research, it is very important for us to inspect the 990-A tax forms of organizations which, for various reasons, we have been unable to inspect at the district offices of the Internal Revenue Service.

Following your suggestion during our telephone conversation, we are submitting an alphabetical list which includes the location of the organization and the years of the 990-A forms that we still need to inspect. All of the organizations listed appears in Cumulative List- Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954, Publication No. 78 (Revised to December 31, 1955), and the Supplement No. 1967-5.

Although this is a sizeable list, we have narrowed it to the most essential organizations currently under investigation.

We will call next week to clarify any questions you may have and to make an appointment for the inspection. If it is agreeable with you, several of our researchers will come to your Washington office when the files are ready, so that we may complete the work as quickly as possible.

If there are any questions of an immediate nature, my telephone number is (212) 222-1116.

Respectfully yours,

  
Jon Frappier

140	Yale-in-China Association, Inc.*	New Haven, Conn.	

Below is a detailed list of each organization or non-profit from this document, along with specific information on how they were likely funded, based on historical context and their identification as CIA cover organizations in the 2025 JFK assassination records release tied to the Ramparts exposé. Since the document explicitly links these entities to CIA covert operations, the primary funding source for most is the Central Intelligence Agency (CIA), channeled through various mechanisms such as front foundations, pass-through entities, or direct subsidies. Where additional funding sources are plausible or documented historically, they noted them. Note that exact funding details for each entity may vary, and post-1967 shifts (after the Ramparts exposure) may have altered their financial structures—here, I focus on their funding during their CIA affiliation.

## General Notes

- **CIA Funding Mechanism:** The CIA typically used fronts like the Fairfield Foundation, J. M. Kaplan Fund, or Asia Foundation to distribute funds, ensuring deniability. Exact amounts varied, but the CCF's \$800,000–\$900,000 annual budget provides a benchmark for major operations.
- **Post-1967 Shifts:** After the *Ramparts* exposé, some organizations transitioned to private funding (e.g., Ford Foundation) or dissolved, but the list reflects their CIA-backed era.
- **Supplementary Sources:** Where private wealth (e.g., family endowments) or dues are noted, these often served as cover or augmentation for CIA funds.

For precise post-1967 funding or lesser-known entities, further archival research would be needed beyond this historical framework. Let me know if you'd like deeper dives into specific organizations!
