## Marshal of the Royal Air Force Graham Eric "Jock" Stirrup, Baron Stirrup, Current Pilgrims Society President, Is the Warlord We Must Expose—Sherlock Holmes' Creator Knew the Score

Strap in for a transatlantic conspiracy so twisted it'd make Sherlock Holmes swap his deerstalker for a Molotov cocktail. **The Trump-Russia hoax—Crossfire Hurricane**—was no American misfire; it was a **British Pilgrims Society** operation, masterminded by its

current president, **Marshal of the Royal Air Force Graham Eric "Jock" Stirrup, Baron Stirrup** (left photo, since 2015). This wasn't Putin's plot—it was London's, with Stirrup's MI6 operatives and City of London aristocrat bankers aiming to derail Trump's "America First" agenda. Lillian Scott Troy exposed their **24-**

**point plan in 1912 to annex America** into a corporatist one-world English-speaking empire. Here's the twist: Sir Arthur Conan Doyle, Sherlock's creator, knew their schemes yet penned propaganda for their British War Propaganda Bureau (1914–1919). From Troy's revelations to Conan Doyle's complicity to Stirrup's 2016 coup, this is a 120-year sting. It's time to unmask Stirrup's cabal—starting now.

## The Pilgrims Society: Lillian Scott Troy's 1908 Alarm, Conan Doyle's 1914 Betrayal, Stirrup's 2016 Triumph

Founded in 1902 under King Edward VII, the Pilgrims Society was a City of London merchant-banker plot, inspired by Cecil Rhodes, to pull America back under British influence. Lillian Scott Troy, a 26-year-old *San Francisco Leader* journalist, infiltrated their men-only First Imperial Press Conference, June 5-28, 1909, and uncovered a 24-point

strategy: manipulate the presidency, control the Supreme Court, bribe elites with titles, and erase the American Revolution's legacy. In February 1912, she dubbed them the "Benedict Arnold Peace Society" in the *San Francisco Leader*, exposing their Rothschilds, Morgans, Rhodes, and Carnegie bloodlines.

Enter Sir Arthur Conan Doyle, knighted in 1902 and a Pilgrims member. By 1914, he was writing for Wellington House, Britain's War Propaganda Bureau, led by Pilgrims like Lord Northcliffe (*Daily Mail*, *London Times*) and Lord John Buchan (later WWII propaganda minister targeting America and governor general of Canada). His stories, like "Danger!" (1914), hyped German submarine threats, fueling fear and Empire unity—aligning with Troy's warned annexation. Conan Doyle endorsed "Imperial Federation" in 1917, echoing the Society's playbook, yet hid their treachery. Sherlock would've exposed the rot; Conan Doyle buried it.

Fast-forward to 2016: Stirrup's Pilgrims, armed with the blueprint Troy uncovered and Conan Doyle's propaganda legacy, targeted Trump. As London's leader, Stirrup commanded Privy Counsellors, MI6 veterans, and Five Eyes operatives—Lord Malloch-Brown, Sir Geoffrey Pattie, even Tucker Carlson (joined 2004), George Will, and Peggy Noonan joined. Trump's anti-globalist stance threatened their borderless vision, so Crossfire Hurricane, launched July 31, 2016, became their weapon. Stirrup, former Chief of the Defence [sic] Staff (2006–2010), leveraged his influence, including QinetiQ's treasonous 2008 U.S. Army inventory-tracking deal during wartime. Troy warned of it, Conan Doyle obscured it, Stirrup executed it. Expose him, and the dominoes fall.

### **Crossfire Hurricane: Stirrup's Hit, Troy's Prophecy, Conan Doyle's Ghost**

Operation Crossfire Hurricane brought the warnings of Troy to life, channeling the manipulative dread of Conan Doyle's narratives. On April 26, 2016, George Papadopoulos, a minor Trump campaign advisor, was ensnared in London's shadows. Through Arvinder Sambei, a top Crown Prosecution Service prosecutor and Robert Mueller pal, he was approached by Joseph Mifsud, an MI6-connected Maltese academic peddling "Russian email dirt" on Hillary Clinton. On May 10, Alexander Downer, Australia's ambassador and a Five Eyes operative, met Papadopoulos, dangling a fabricated connection to Putin's niece—an MI6 plant. Papadopoulos sidestepped the bait, but Downer's tip to the FBI lit the investigation's fuse. Orchestrated by Stirrup's UK intelligence machine, Mifsud played the tempter, Papadopoulos the dupe. Troy's vision of pawns twisted by unseen hands materialized, draped in Conan Doyle's fog of engineered fear.

The 2025 revelation that Joseph Mifsud was a Western operative, not a Russian agent, lays bare Stirrup's Pilgrims scattering half-truths to cloak their schemes. Troy warned of narratives spun through proxies; Conan Doyle's 1914–1919 tales primed the masses for such ploys, just as Pilgrims MP Philip Whitwell Wilson's training of Vladimir Lenin starting in 1902 fueled Bolshevism's rise, paving the way for the brutal execution of Czar Nicholas II and his four daughters and son—gunshots to the head and bayonets. Stirrup's 2022 dinner with U.S. Ambassador Jane Hartley proves his grip endures. Expose him, and Mifsud's handlers lead straight to London's core.

## Crossfire Hurricane 1.0: Demonize Christian Czarist Russia & Usher In Bolshevik Communism Through Pilgrims Groom Vladimir Lenin.

**Figure 2:** [Visit of the Russian Duma to the House of Commons, June 26, 1909](#), three days before the end of the First Imperial Press Conference, 1909 when modern spying (MI6, MI5, GC&CS now GCHQ) and propaganda were hatched. The British Pilgrims Society organizers were already grooming Vladimir Lenin in Bolshevism. His groomers, MP Philip Whitwell Wilson and Viscount Alfred Milner are believed to be in this official photo (back row). Wilson is certainly in the First Imperial Press Conference, 1909 group photo (see [Fig. 5](#), 'The Scene of the Crimes Against Humanity', front row, just to the right of center). In 1914, Viscount Milner demonized and double-crossed Christian Czar Nicholas through these relationships that led to the slaughter of the Czar and his entire family, including four young daughters and one son, cementing the rise of communism. Whitwell Wilson went on to be an editor for *The New York Times* through two world wars and the rise of Pilgrims' Maoism. Photo: UK Parliament Archive.

**Special Note:** Earl Arthur Balfour, British Prime Minister (1902-1905), who partnered with Lord Charles Rothschild to establish the State of Israel through the Balfour Declaration, ensuring its perpetual influence by The City of London's merchant banks, particularly the Rothschilds, is shown here in the front row, arms crossed, eighth from the right. It seems the architects of modern Israel were British Pilgrims Babylonian 'Radknight' merchant-banker communists and not even Jewish.

## The Steele Dossier: Stirrup's Smear, Troy's "Rewrite History," Conan Doyle's Echo

The Steele Dossier, funded by Clinton's \$1.02 million through attorney Marc Elias at Perkins Coie LLP, portrayed Trump as Putin's ally—a classic Pilgrims psyop. Ex-MI6 agent Christopher Steele, Stirrup's operative, collaborated with Sir Geoffrey Pattie's SCL Group (Cambridge Analytica), echoing Troy's "they *create* public opinion" warning and Conan Doyle's wartime spin. Fiona Hill, Steele's ally, celebrated at Stirrup's 2022 Pilgrims Society event in London where she delivered the keynote. Hill is British and evidently trans. The dossier spread through Bruce and Nellie Ohr (DOJ), Peter Strzok (FBI), Andrew McCabe (FBI), Arvinder Sambei (UK CPS), and Alison Saunders (UK CPS), rewriting history as Troy predicted and Conan Doyle enabled. Expose Stirrup, and the dossier collapses.

### Privy Council Puppets: Sirs Stirrup, Malloch-Brown, Pattie, Clegg and Conan Doyle's Aristocrat "Missionaries of Empire."

The Pilgrims Society, Troy's "self-anointed aristocrats," controls the Privy Council, with Stirrup as enforcer. Cecil Rhodes, the Pilgrims' spiritual founder, was Privy Council starting in 1895. Lord Rosebery, a maternal Rothschild, was Lord Privy Seal of the Council (1885). Rosebery was a Pilgrims co-founder in 1902. Lord Mark Malloch-Brown, tied to Soros' Smartmatic-Optech, orchestrated election schemes and diverted 2008 bailout funds to City banks. Pattie's SCL used Stefan Halper, an FBI informant, against Trump. Stirrup, post-Iraq (179 UK deaths, 2009), controls QinetiQ and SERCO's "Golden Share." Privy Counsellor Sir Nick Clegg has run Facebook as senior vice president—Troy's "buy loyalty" tactic, mirrored in Conan Doyle's Empire advocacy. His 2013 human rights sidestep and 2023 Sword of State role for King Charles III solidify his power. Expose him, and Troy's enemies unravel.

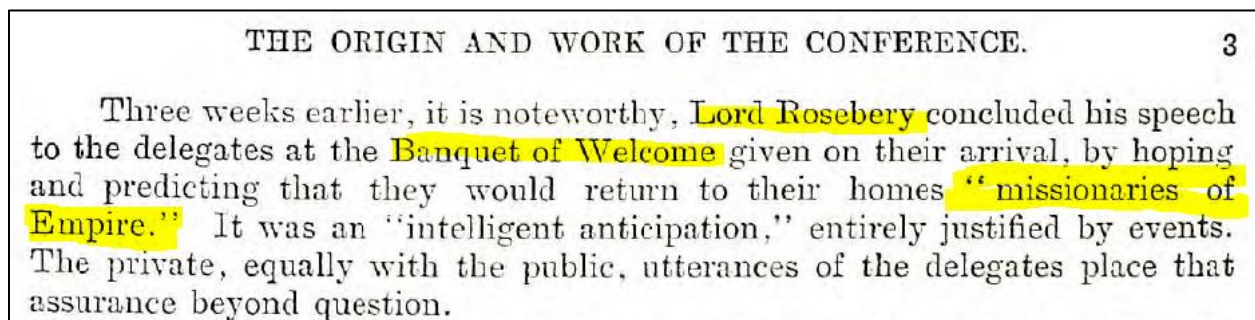

Figure 4: [A PARLIAMENT OF THE PRESS - THE FIRST IMPERIAL PRESS CONFERENCE, 1909](#), Illustrated, with Preface by The Earl of Rosebery, K.G., PDF p. 21. London: Horace Marshall & Son.

### Five Eyes and Downer: Stirrup's Empire, Conan Doyle's Legacy

Stirrup's Pilgrims leveraged Five Eyes, with Downer's Papadopoulos meeting embodying Troy's imperial meddling and Conan Doyle's unity rhetoric. As a Five Eyes veteran, Stirrup kept London's hands clean. Expose his Commonwealth allies, and the network frays.

### FBI Dupes: Mueller, Comey, McCabe, Stirrup's Pawns

Mueller's UK connections and Comey's SERCO ties—Troy's "pro-British judges"—served Stirrup, echoing Conan Doyle's propaganda pawns. Crossfire Hurricane was their platform. Expose Stirrup's influence, and the FBI's role becomes clear.

## **Mifsud's Mirage: Stirrup's Ruse, Troy's Truth**

The 2025 Mifsud “disclosure” as a Western asset is Stirrup's deflection—who controlled him? Troy warned of hidden masters; Conan Doyle sold their narrative. Arvinder Sambei's London Centre of International Law Practice (LCILP) connected Mifsud to Papadopoulos under Stirrup's orders. Expose him, and Troy's truth prevails.

## **Why Trump? Stirrup's Fear, Troy's Fight**

Trump's swamp-draining—trade wars, Putin dialogues, Smartmatic-Dominion-Optech vote rigging scrutiny—threatened Stirrup's Pilgrims Society empire. Crossfire Hurricane was Troy's annexation reborn, with Conan Doyle's fear tactics weaponized. Expose Stirrup's motives, and the plot clarifies.

## **Fallout and Fight: Sir Jock Stirrup's Reign—Unless We Act**

Mueller's 2019 failure didn't stop Stirrup—chaos succeeded, Trump faltered, and the Pilgrims thrived. Troy's annexation plan lives in knighthoods (Gates, Kissinger, Weinberger), with Conan Doyle's shadow in their spin. To dismantle it:

- Investigate Stirrup's QinetiQ: FOIA 2006–2010 records—Troy's “buy loyalty.”
- Unmask the Pilgrims: Demand membership rosters (1902–2025, London and New York)—beyond Conan Doyle's era.
- Connect Mifsud to Stirrup: Search Sambei's role on X—Pilgrims' cutout.
- Revive Troy's legacy on X: #ExposeStirrup—let Conan Doyle's shame fuel the fight.

Stirrup is a warlord in Troy's “demonic darkness.” Expose him and his allies to shred their empire—Sherlock's creator be damned. Let's act.

**Analysis of Central British Intelligence Role in Crossfire Hurricane**

1. **Central Hub:** Sir Geoffrey Pattie orchestrated efforts via the Privy Council, SCL Group, and Cambridge Analytica. His influence over Steele and Halper suggests a coordinated psyop against Trump.
  2. **Arvinder Sambei's Bridge:** Sambei links UK CPS and FBI, introducing Papadopoulos to Mifsud at Link Campus (rumored CIA site), indicating a setup for the Russia probe.
  3. **Alison Saunders' Execution:** Saunders' meeting with Bruce Ohr ties CPS to dossier dissemination, supporting claims of British interference.
  4. **Stefan Halper's Fieldwork:** Halper's U.S.-UK affiliations (SCL, FBI/CIA) position him as the operational link targeting Papadopoulos and Page at Cambridge.
  5. **SCL/Cambridge Analytica's Ambiguity:** While aiding Trump's campaign, their Sir Geoffrey Pattie-led origins raise questions about serving British intelligence goals.
  6. **Facebook:** Cambridge Analytica exploited Facebook to draw Trump campaign advertisers into a convoluted 'dossier' propaganda scheme trying to link Trump to Russia. The plan failed, but Facebook's treason is evident. Britain's former Deputy Prime Minister, **Sir Nicholas Clegg**, later joined Facebook as senior vice president of communications, and **Baron Richard Allan** became its communications director in Europe. This suggests significant British Pilgrims Society influence.

The Pilgrims Society: Lillian Scott Troy’s 1908 Alarm, Conan Doyle’s 1914 Betrayal, Stirrup’s 2016 Triumph

### The Steele Dossier: Stirrup’s Smear, Troy’s “Rewrite History,” Conan Doyle’s Echo

The Steele Dossier, funded by Clinton’s \$1.02 million through attorney Marc Elias at Perkins Coie LLP, portrayed Trump as Putin’s ally—a classic Pilgrims psyop. Ex-MI6 agent Christopher Steele, Stirrup’s operative, collaborated with Sir Geoffrey Pattie’s SCL Group (Cambridge Analytica), echoing Troy’s “they *create* public opinion” warning and Conan Doyle’s wartime spin. Fiona Hill, Steele’s ally, celebrated at Stirrup’s 2022 Pilgrims Society event in London where she delivered the keynote. Hill is British and evidently trans. The dossier spread through Bruce and Nellie Ohr (DOJ), Peter Strzok (FBI), Andrew McCabe (FBI), Arvinder Sambei (UK CPS), and Alison Saunders (UK CPS), rewriting history as Troy predicted and Conan Doyle enabled. Expose Stirrup, and the dossier collapses.

### Privy Council Puppets: Sirs Stirrup, Malloch-Brown, Pattie, Clegg and Conan Doyle’s Aristocrat “Missionaries of Empire.”

The Pilgrims Society, Troy’s “self-anointed aristocrats,” controls the Privy Council, with Stirrup as enforcer. Cecil Rhodes, the Pilgrims’ spiritual founder, was Privy Council starting in 1895. Lord Rosebery, a maternal Rothschild, was Lord Privy Seal of the Council (1885). Rosebery was a Pilgrims co-founder in 1902. Lord Mark Malloch-Brown, tied to Soros’ Smartmatic-Optech, orchestrated election schemes and diverted 2008 bailout funds to City banks. Pattie’s SCL used Stefan Halper, an FBI informant, against Trump. Stirrup, post-Iraq

Nick Clegg has run Facebook as senior vice president—Troy’s “buy loyalty” tactic, mirrored in Conan Doyle’s Empire advocacy. His 2013 human rights sidestep and 2023 Sword of State role for King Charles III solidify his power. Expose him, and Troy’s enemies unravel.

THE ORIGIN AND WORK OF THE CONFERENCE. 3

Three weeks earlier, it is noteworthy, Lord Rosebery concluded his speech to the delegates at the Banquet of Welcome given on their arrival, by hoping and predicting that they would return to their homes “missionaries of Empire.” It was an “intelligent anticipation,” entirely justified by events. The private, equally with the public, utterances of the delegates place that assurance beyond question.

Five Eyes and Downer: Stirrup’s Empire, Conan Doyle’s Legacy

Stirrup’s Pilgrims leveraged Five Eyes, with Downer’s Papadopoulos meeting embodying Troy’s imperial meddling and Conan Doyle’s unity rhetoric. As a Five Eyes veteran, Stirrup

## FBI Dupes: Mueller, Comey, McCabe, Stirrup's Pawns

Mueller's UK connections and Comey's SERCO ties—Troy's “pro-British judges”—served Stirrup, echoing Conan Doyle's propaganda pawns. Crossfire Hurricane was their platform. Expose Stirrup's influence, and the FBI's role becomes clear.

## Mifsud's Mirage: Stirrup's Ruse, Troy's Truth

The 2025 Mifsud “disclosure” as a Western asset is Stirrup's deflection—who controlled him? Troy warned of hidden masters; Conan Doyle sold their narrative. Arvinder Sambei's London Centre of International Law Practice (LCILP) connected Mifsud to Papadopoulos under Stirrup's orders. Expose him, and Troy's truth prevails.

## Why Trump? Stirrup's Fear, Troy's Fight

Trump's swamp-draining—trade wars, Putin dialogues, Smartmatic-Dominion-Optech vote rigging scrutiny—threatened Stirrup's Pilgrims Society empire. Crossfire Hurricane was Troy's annexation reborn, with Conan Doyle's fear tactics weaponized. Expose Stirrup's motives, and the plot clarifies.

## Fallout and Fight: Sir Jock Stirrup's Reign—Unless We Act

Mueller's 2019 failure didn't stop Stirrup—chaos succeeded, Trump faltered, and the Pilgrims thrived. Troy's annexation plan lives in knighthoods (Gates, Kissinger, Weinberger), with Conan Doyle's shadow in their spin. To dismantle it:

- Investigate Stirrup's QinetiQ: FOIA 2006–2010 records—Troy's “buy loyalty.”
- Unmask the Pilgrims: Demand membership rosters (1902–2025, London and New York)—beyond Conan Doyle's era.
- Connect Mifsud to Stirrup: Search Sambei's role on X—Pilgrims' cutout.
- Revive Troy's legacy on X: #ExposeStirrup—let Conan Doyle's shame fuel the fight.

Stirrup is a warlord in Troy's “demonic darkness.” Expose him and his allies to shred their empire—Sherlock's creator be damned. Let's act.

## Analysis of Central British Intelligence Role in Crossfire Hurricane

1. **Central Hub:** Sir Geoffrey Pattie orchestrated efforts via the Privy Council, SCL Group, and Cambridge Analytica. His influence over Steele and Halper suggests a coordinated psyop against Trump.
2. **Arvinder Sambei's Bridge:** Sambei links UK CPS and FBI, introducing Papadopoulos to Mifsud at Link Campus (rumored CIA site), indicating a setup for the Russia probe.
3. **Alison Saunders' Execution:** Saunders' meeting with Bruce Ohr ties CPS to dossier dissemination, supporting claims of British interference.
4. **Stefan Halper's Fieldwork:** Halper's U.S.-UK affiliations (SCL, FBI/CIA) position him as the operational link targeting Papadopoulos and Page at Cambridge.
5. **SCL/Cambridge Analytica's Ambiguity:** While aiding Trump's campaign, their Sir Geoffrey Pattie-led origins raise questions about serving British intelligence goals.
6. **Facebook:** Cambridge Analytica exploited Facebook to draw Trump campaign advertisers into a convoluted 'dossier' propaganda scheme trying to link Trump to Russia. The plan failed, but Facebook's treason is evident. Britain's former Deputy Prime Minister, **Sir Nicholas Clegg**, later joined Facebook as senior vice president of communications, and **Baron Richard Allan** became its communications director in Europe. This suggests significant British Pilgrims Society influence.

Analysis with Perkins Coie LLP, Bauer, and Elias

# PERKINScoie

1. **Perkins Coie LLP's Role:** Fined in 2022 by FEC for mislabeling dossier payments as "legal services" (*FEC Conciliation Agreement*). Elias orchestrated payments, with Perkins Coie as the conduit.
2. **Marc Elias's Execution:** As Clinton's lawyer, Elias directly paid Fusion GPS, executing Clinton's dossier order. His 2021 exit from Perkins Coie followed scrutiny.
3. **Bob Bauer's Influence:** Bauer's Obama ties suggest strategic alignment with Clinton's effort since he and her wife Anita Dunn were chief councils to Barack Obama and directing his political and legal liability exposure to Crossfire Hurricane.
4. **Clinton's Directive:** Clinton's order via Perkins Coie targeted Papadopoulos (Mifsud setup) and Page, feeding Crossfire Hurricane's narrative.
5. **Fiona Hill's Context:** Hill's Steele collaboration and 2022 Pilgrims keynote tie her to the Anglo-American Pilgrims Society effort, amplifying the dossier's impact within Trump's administration.

After 1966, it was becoming obvious that 'Great' Britain was squandering its industries of Automobiles, aircraft, shipping, fashion, and those wonderful Harris tweed coats. Apparently the cocaine and chasing of little boys completely hypnotized the royals. Not a pretty picture.

**Edward Filene** helped establish the Institute of Propaganda Analysis in 1937 to educate the American public about the nature of propaganda and how to recognize propaganda techniques. Filene and his colleagues identified the seven most common "tricks of the trade" used by successful propagandists (. These seven techniques are called:

**1). Name Calling 2). Glittering Generalities 3). Transfer 4). Testimonial  
5). Plain Folks 6). Card Stacking 7). Band Wagon**

These techniques are designed to fool us because the appeal to our emotions rather than to our reason. The techniques identified by the Institute for Propaganda Analysis were further refined by **Aaron Delwichin**.

**Name Calling:** Propagandists use this technique to create fear and arouse prejudice by using negative words (bad names) to create an unfavorable opinion or hatred against a group, beliefs, ideas or institutions they would have us denounce. This method calls for a conclusion without examining the evidence. Name Calling is used as a substitute for arguing the merits of an idea, belief, or proposal. It is often employed using sarcasm and ridicule in political cartoons and writing. When confronted with this technique the Institute for Propaganda Analysis suggests we ask ourselves the following questions: What does the name mean? Is there a real connection between the idea and the name being used? What are the merits of the idea if I leave the name out of consideration? When examining this technique try to separate your feelings about the name and the actual idea or proposal (Propaganda Critic: Common Techniques 1).

**Glittering Generalities:** Propagandists employ vague, sweeping statements (often slogans or simple catchphrases) using language associated with values and beliefs deeply held by the audience without providing supporting information or reason. They appeal to such notions as honor, glory, love of country, desire for peace, freedom, and family values. The words and phrases are vague and suggest different things to different people but the implication is always favorable. It cannot be proved true or false because it really says little or nothing at all. The Institute of Propaganda Analysis suggests a number of questions we should ask ourselves if we are confronted with this technique: What do the slogans or phrases really mean? Is there a legitimate connection between the idea being discussed and the true meaning of the slogan or phrase being used? What are the merits of the idea itself if it is separated from the slogans or phrases?

**Transfer:** Transfer is a technique used to carry over the authority and approval of something we respect and revere to something the propagandist would have us accept. Propagandists often employ symbols (e.g., waving the flag) to stir our emotions and win our approval. The Institute for Propaganda Analysis suggests we ask ourselves these questions when confronted with this technique. What is the speaker trying to pitch? What is the meaning of the thing the propagandist is trying to impart? Is there a legitimate connection between the suggestion made by the propagandist and the person or product? Is there merit in the proposal by itself? When confronted with this technique, question the merits of the idea or proposal independently of the convictions about other persons, ideas, or proposals.

**Testimonial:** Propagandists use this technique to associate a respected person or someone with experience to endorse a product or cause by giving it their stamp of approval hoping that the intended audience will follow their example. The Institute for Propaganda Analysis suggests we ask ourselves the following question when confronted with this technique. Who is quoted in the testimonial? Why should we regard this person as an expert or trust their testimony? Is there merit to the idea or product without the testimony? You can guard yourself against this technique by demonstrating that the person giving the testimonial is not a recognized authority, prove they have an agenda or vested interest, or show there is disagreement by other experts.

**Plain Folks:** Propagandists use this approach to convince the audience that the spokesperson is from humble origins, someone they can trust and who has their interests at heart. Propagandists have the speaker use ordinary language and mannerisms to reach the audience and identify with their point of view. The Institute for Propaganda Analysis suggests we ask ourselves the following questions before deciding on any issue when confronted with this technique. Is the person credible and trustworthy when they are removed from the situation being discussed? Is the person trying to cover up anything? What are the facts of the situation? When confronted with this type of propaganda consider the ideas and proposals separately from the personality of the presenter.

**Bandwagon:** Propagandists use this technique to persuade the audience to follow the crowd. This device creates the impression of widespread support. It reinforces the human desire to be on the winning side. It also plays on feelings of loneliness and isolation. Propagandists use this technique to convince people not already on the bandwagon to join in a mass movement while simultaneously reassuring that those on or partially on should stay aboard. Bandwagon propaganda has taken on a new twist. Propagandists are now trying to convince the target audience that if they don't join in they will be left out. The implication is that if you don't jump on the bandwagon the parade will pass you by. While this is contrary to the

other method, it has the same effect: getting the audience to join in with the crowd. The Institute of Propaganda Analysis suggests we ask ourselves the following questions when confronted with this technique. What is the propagandist's program? What is the evidence for and against the program? Even though others are supporting it, why should I? As with most propaganda techniques, getting more information is the best defense. When confronted with Bandwagon propaganda, consider the pros and cons before joining in.

**Card Stacking:** Propagandist uses this technique to make the best case possible for his side and the worst for the opposing viewpoint by carefully using only those facts that support his or her side of the argument while attempting to lead the audience into accepting the facts as a conclusion. In other words, the propagandist stacks the cards against the truth. Card stacking is the most difficult technique to detect because it does not provide all of the information necessary for the audience to make an informed decision. The audience must decide what is missing. The Institute for Propaganda Analysis suggests we ask ourselves the following question when confronted with this technique: Are facts being distorted or omitted? What other arguments exist to support these assertions? As with any other propaganda technique, the best defense against Card Stacking is to get as much information that is possible before making a decision.
